INTRODUCTION

The Honorable Kathy Hochul
Governor of the State of New York

**Agriculture & NYS
Horse Breeding
Development Fund**

Members of the New York State Legislature

The Trustees of the Agriculture and New York State Horse Breeding Development Fund are pleased to present the Fund's 2021 Annual Report.

Agriculture is one of New York's leading domestic economic sectors and the state is noted for its diversity of products, including Standardbred horses. The Fund administers the New York Sire Stakes program, the nation's oldest harness racing program of its kind. The Fund's primary mission is to promote and preserve agriculture through the promotion of horse breeding and the conduct of equine research in New York State.

The performance of New York-bred horses in the breeding shed and on the racetrack, along with demand for them in the auction ring, demonstrate the value of the New York Sire Stakes program. Despite the delay of the racing season and reduced revenue to the Fund as a result of the global pandemic, events were contested last year under regulations of the state for New York-breds in three different tiers to provide horses of all abilities the opportunity to earn and learn. Purses totaled \$9.1 million for New York-bred Standardbreds.

New York Sire Stakes stars showed their skill on five of the state's seven harness tracks and at venues across the country. New York stallions remained among the leading national earners and offspring were highly sought after by breeders. New York-breds continued to garner strong prices at the yearling sales, averaging \$63,181 and \$63,448 at both premier sales in the country, the Lexington Selected Yearling Sale and the Standardbred Horse Sales Yearling Sale, respectively.

As the demand and quality of New York horses continues to be strong, so will the economic and agricultural benefits that the Standardbred breeding and racing industries provide to the State of New York. The Agriculture and New York State Horse Breeding Development Fund will continue to promote and support this progress and is excited to share these results with you.

STATEMENT OF REVENUE, EXPENSES & CHANGES IN ASSETS

	Budgeted Year Dec 31,2022	Year Ended* Dec 31,2021	Year Ended Dec 31,2020
OPERATING REVENUES			
Handle, Breakage, and Misc.	\$2,700,000	\$2,810,333	\$3,609,982
Video Lottery Revenue	\$13,000,000	\$11,500,000	\$3,485,548
Nomination & Sustaining Fees	\$1,100,000	\$1,068,385	\$1,134,229
Fees re-classed to offset purses	\$(950,000)		
Stallion Reg Fees/Supp Paymts	\$30,000	\$33,475	\$39,050

NET ASSETS AT END OF YEAR	\$15,121,569	\$13,921,569	\$9,842,535

* Preliminary, subject to adjustment

ECONOMIC IMPACT

OVERVIEW

Standardbred racing and breeding in New York State generates \$795 million annually. Racing at the state's seven pari-mutual harness tracks generates capital investments, local jobs and state and local taxes, while the breeding industry drives yearling auctions in the state and agricultural benefits like purchasing of farm equipment and farm products and preserving working farmlands. A 2012 study found that each racehorse in the state generates \$92,100 in economic impact and 80 jobs are created for every 100 horses. Both the breeding and racing of Standardbreds in the state are interconnected to generate the largest possible impact on the economy. As you can see in the chart (next page), since the installation of VLTs at racetracks after 2001, the total economic impact of harness racing in the state increased 190% to \$795 million. During the same period, total jobs generated by the industry nearly tripled to just over 6,500.

RACING

A state breeding program can only be successful if it attracts the quality of stallions and mares that can produce champions. The excellence of New York-bred horses was on display at racetracks around the country in 2021.

It was another outstanding year for Test of Faith, who picked up right where she left off, winning six straight races including NYSS events. She became a two-time champion of the NYSS final, ending the year with earnings of \$1,069,739, making her the second richest 3-year old Standardbred in North America this year regardless of gait. \$178,850 of Test of Faith's purse earnings this year came from competing in the NYSS. It should also be noted that the horse is up for "Horse of the Year" honors.

While breeders and owners hope for a horse that can compete on the national stage for the largest purses, yearling buyers demand a strong Sire Stakes program when selecting a horse to ensure the greatest potential to earn money and New York provides a secure future. A total of \$9.58 million was distributed as purses for New York-bred horses in 2021. That was available for horses competing in three different tiers of the program and in the Empire Breeders Classic.

ECONOMIC IMPACT

BREEDING

The New York Sire Stakes is unique in that it requires mares to be bred by stallions within the borders of the state. This means that while other states may only generate agricultural benefits from the stallions residing there, New York also benefits from the mares. Additionally, the state's Breeders Award program incentivizes mares who live in the state for at least 180 days, much longer than it would take to just breed them and confirm pregnancy. This longer stay enhances the economic benefit realized by the state. If the offspring of those "resident" mares perform well in the New York Sire Stakes program, the breeder (owner of the mare at the time of the mating) receives a financial award.

Breeders also generate income from selling offspring at yearling sales. As New York-bred horses continue to be desired by buyers, they will generate strong returns for New York breeders and encourage more investment in the state.

The Breeders Awards program and its financial return to breeders has worked to attract breeders to the state and encourage them to invest greater in their operations.

ECONOMIC IMPACT	2001	2013	% CHANGE
Direct Impact	\$117,100,000	\$336,400,000	+ 187%
Indirect Impact	\$156,700,000	\$458,400,000	+ 193%
Total Impact	\$273,800,000	\$794,800,000	+ 190%

JOBS IMPACT	2001	2013	% CHANGE
Direct Jobs	690	1,970	+ 186%
Indirect Jobs	1,560	4,570	+ 193%
Total Jobs	2,250	6,540	+ 191%

EQUINE RESEARCH

The Harry M. Zweig Memorial Fund for Equine Research honors the late Dr. Harry Zweig, a distinguished veterinarian, and his numerous contributions to the state's equine industry.

In 1979, by amendment to the pari-mutuel racing and wagering law, the New York State legislature created the Harry M. Zweig Memorial Fund for Equine Research to promote equine research at the Cornell University College of Veterinary Medicine.

The Harry M. Zweig Committee was established for the purpose of administering the fund and is composed of individuals in specified state agencies and equine industry positions and others who represent equine breeders, owners, trainers, and veterinarians.

The Fund is proud to support the Harry M. Zweig Memorial Fund for Equine Research. This first-rate research helps to provide protection and preventative planning for the equine industry, which in turn helps to ensure a healthy and positive future for the horse racing industry.

By law the Agriculture and NYS Horse Breeding Development Fund contributes two percent of its yearly revenue to the equine research fund.

2021 RACING REVIEW

New York Sire Stakes, has drawn owners from across the industry to invest in the exceptional New York yearlings that go to auction each year.

NEW YORK CONTINUES TO PRODUCE AWARD WINNING STANDARDBREDS

BY TIM BOJARSKI

New York-bred Standardbreds are coming off one their best years ever with several horses topping North American leader lists and some ending their year with national award aspirations. But the success these horses have had should be no surprise as the outstanding breeding program in the state combined with the earnings opportunities provided by the New York Sire Stakes, has drawn owners from across the industry to invest in the exceptional New York yearlings that go to auction each year.

Here are some of the best race horses that represented the state on the track this year.

Test Of Faith (Art Major-Cannae Cammie 1:48.3, \$1,569,739) sits atop the final Hambletonian/Breeders Crown Top-10 poll and is one of the favorites for the 2021 Dan Patch Trophy for both 3-year-old pacing filly of the year and overall horse of the year.

At two, Test Of Faith won eight of nine races and made exactly one half million dollars after becoming a NYSS champion. But she was just getting started. This year Test Of Faith picked up right where she left off, winning six straight races including NYSS events and the \$200,000 Park MGM pace. Then after finishing second by only a neck in the Geers stake, she won four more races including the \$214,000 Empire Breeders Classic, the \$200,000 NYSS final (to become a two-time champion) and an elimination of the \$253,800 Jugette before finishing second by only one-half length in that final.

Test Of Faith then rattled off five more Grand Circuit wins including a \$600,000 Breeders Crown championship and ended the year with earnings of \$1,069,739 million, making her the second richest 3-year-old Standardbred in North America this year regardless of gait. Her 14 wins also made her the second winningest in North America and a lifetime

mark of 1:48.3 made her the second fastest 3-year-old pacing filly. \$178,850 of Test Of Faith's purse earnings this year came from competing in the NYSS.

After winning three NYSS legs and the \$200,000 final this year, freshman trotter Joviality S (Chapter Seven-Pasithea Face S 1:52.1, \$895,341) hit the Grand Circuit and won the \$200,000 Kentuckiana, \$479,450 Goldsmith Maid -- where she took her lifetime mark of 1:52.1 -- and the \$600,000 Breeders Crown from an impossible post 10 start over a sloppy track. At the end of her first year of racing, Joviality S won nine of 12 starts and earned \$895,341 for her efforts which made her the second richest 2-year-old trotter in North America. \$184,783 of that total was won in NYSS competition.

Ahundreddollarbill (Chapter Seven-Swinging Royalty 1:52, \$703,965) had an inauspicious start to his career. In only six starts at two last year, he made more breaks than he had wins. But his maturity and growth between his freshman and sophomore seasons provided a spectacular turnaround that saw him develop into one of the top trotters not only in New York, but nationwide.

Early this year Ahundreddollarbill won the \$205,500 Empire Breeders Classic, an elimination of the Yonkers Trot and four legs of the NYSS. Unfortunately, he reported sick in the NYSS final and was scratched. However his very next start was a victory in the \$479,135 Canadian Trotting Classic in a lifetime best 1:52. For the year, Ahundreddollarbill won a total of eight races and \$633,853 in purses which made him the fourth richest 3-year-old trotter in North America.

Atlanta

2021 RACING REVIEW

Atlanta is an ageless wonder.

Having just completed her fifth year of racing, the 6-year-old trotting mare is better than ever and proved it once again on the track.

Iteration (Chapter Seven-Steamy Windows 1:53.1, \$780,818) had a stellar freshman year, winning five races and the NYSS final in the process. When she returned to the track this year at three, she came back just as good. Iteration won the \$102,500 Empire Breeders Classic, \$150,000 New York New York Mile, and finished second in the \$500,000 Hambletonian Oaks behind millionaire Bella Bellini. She also became a two-time state champion after taking her second NYSS final. Later in the year she finished only 2-1/2 lengths back in the \$351,000 Kentucky Filly Futurity and was race timed in 1:51.1. And although qualifying for her second Breeders Crown, she made an unfortunate break and was unplaced. At the end of 2021, Iteration had won five races and \$465,809 in earnings, placing her seventh richest among all 3-year-old trotters in North America. \$169,900 of those earnings were won in New York.

Atlanta (Chapter Seven-Hemi Blue Chip 1:49, \$3,100,602) is an ageless wonder. Having just completed her fifth year of racing, the 6-year-old trotting mare is better than ever and proved it once again on the track.

Aside from her six wins and \$440,949 in earnings this year, Atlanta -- who at three was the 2018 Hambletonian champion -- showed the best speed of her career. After winning the \$156,000 Joie De Vie and \$187,400 Steele Memorial, she also won the \$81,000 Allerage Trot by 3-3/4 lengths in 1:49. That mile was the fastest ever by a female trotter, tying the world record established by Manchego in 2019. Two starts later, Atlanta finished second after being parked most of the mile in the \$300,000 Breeders Crown, but her earnings from that start pushed her over the \$3 million dollar mark lifetime, putting her in elite company with the likes of the legendary trotting mares Moni Maker, Bee A Magician, Manchego and Hannelore Hanover.

It's interesting to note that a New York-bred yearling full sister to Atlanta named In Italian (Chapter Seven-Hemi Blue Chip) sold for a sale topping \$750,000 at the Harrisburg sale in November of 2021.

All these good race horses are a result of the stellar collection of stallions standing in New York. Chapter Seven is the number one trotting stallion in North America this year for money earned by his 3-year-old offspring with over \$4 million bankrolled and he also ranks second for purse earnings by his 2-year-old crop (\$3,035,973). On the pacing side American Ideal ranks fourth in North America for 3-year-old earnings that total \$3,532,430 and the first-year standing Huntsville, had an outstanding year ranking fifth in North America for 2-year-old earnings with \$1,894,972.

Whether you plan on racing in-state or have Grand Circuit aspirations, New York bred horses continue to prove to be the best money can buy with consistent success at the highest levels in the sport, no matter where they race.

NEW YORK SIRE STAKES PROGRAM

NEW YORK SIRE STAKES

The most talented NY bred two- and three-year-olds vie for enhanced purses at pari-mutuel tracks throughout the state.

EXCELSIOR SERIES

A second-tier program designed for late blooming two- and three-year-olds, with multiple legs leading to a lucrative final for the leading point earners in the series. Part of the Excelsior series includes the State Fair series pari-mutuel meet that features two- and three-year-old races for New York-bred trotters and pacers. Additionally, three-year-old races are held at Goshen Historic Track.

COUNTY FAIR SERIES

Championship races at each age and gait give New York State's local summer fairs a unique twist. It's the best "earn as you learn" program in Sire Stakes racing with non pari-mutuel racing at more than 20 agricultural fairs throughout New York State.

The New York Sire Stakes is the state's premier harness racing program designed to promote the breeding, buying and racing of Standardbred horses in New York State. The New York Sire Stakes is the nation's oldest harness racing program of its kind.

INDUSTRY COMMENTS

“New York Sire Stakes are a good level by level program. It allows a trainer and owner the opportunity to manage their horses, for the benefit of that horse. Fair stakes allow a horse to learn some of the adversity of racing while giving the owner a chance to cover some expenses. Excelsior B’s are the next step up for a bit more money and to further education. Excelsior A’s start to separate the horses that have a bit more ability but haven’t quite put it together, and/or horses that try their best and do everything right but are just one step slower than the top level. The top level New York Sire Stakes horses are some of the best! Especially with studs like Chapter Seven and Huntsville, it allows owners to shop for the chance at a national stakes horse. The horses that are bred in New York have multiple places and levels to race at to earn money.”

Claude Huckabone III

2021 County Fair Leading Trainer

“The New York Sire Stakes program provides great opportunities at the county fairs. The circuit is a lot of fun and very competitive. We had so much fun this year that my family went out and bought two new foals to raise and race.”

Kyle Cummings

***2021 County Fair Leading Driver, 2021 USTA
County Fair Driver of the Year***

“We are looking forward to another great year of Sire Stakes racing in New York. We feel the NY bred sold well this year at the sales and that we continue to have a premiere racing program for NY bred that will entice people to breed and buy in New York.”

Winbak Farms

***Noelle Duspiva, New York Farm Manager)
2021 NYSS Leading Breeder***

1. “The state of New York has been really good to me. I really enjoy the New York Sire Stakes program. It was a lot more normal this past year. We were able to travel around the state for racing and having the extra legs - close to the regular schedule really made a difference. I would just like to thank all my owners and the New York Sire Stakes program; I know it has been hectic with the pandemic to keep the pieces moving. It has not been an easy situation, but everyone worked together and got it done.”
2. “The NYSS program continued to provide racing opportunities for everyone and keep the purses on par as the past years. NYSS has proven to be one of the best programs in the country.”

George Ducharme

Trainer, Owner, 2021 USTA Trainer of the Year

“The fair circuit for up-and-coming horses is nice. No matter where your horses are – there is somewhere to race. It’s great to travel and see your friends. There’s a lot of competition and it is especially nice for me when I raise my own horses. It is really a thrill to start from a stallion and a mare, breed them, raise them, and train them all the way through. I love breeding standardbreds in New York. It’s a very nice program.”

Kimberly Barcomb

Trainer and Breeder
