## LETTER FROM THE CHAIRMAN

The Honorable Andrew Cuomo, Governor  
Members of the Legislature

On behalf of the trustees of the Agriculture and New York State Horse Breeding Development Fund, I am pleased to present the 2010 Annual Report.

The Fund's primary mission is to foster agriculture through the promotion of horse breeding and the conduct of equine research in New York State. New York ranks among the nation's largest farming states with agriculture being one of our state's leading domestic economic sectors. From Westchester to Erie counties and from the Saint Lawrence Valley to Long Island, New York State's unique geography allows the breeding industry room to grow and prosper.

Proof of New York State's ever-improving breeding industry is demonstrated by the intense interest in New York-bred yearlings. Last year New York's program was the strongest supporter of state bred yearling markets.

There can be no stronger endorsement of the New York Horse Breeding Development Fund than the fact that the 2010 Harness Horse of the Year, Rock N Roll Heaven, came to the Empire State to begin his breeding career. His owners recognized that no other state provides the wealth of opportunities for a world-class stallion that New York does.

The 2010 Trotter of the Year, Lucky Chucky, also located in New York to begin his stud service.

The best of the best have picked New York as the best state in harness racing. That means more of the best broodmares from North America and around the world will be coming to New York to be mated. That will provide New York farms and agriculture with an immeasurable boost.

New York stallion Credit Winner was the dominant trotting sire in North America in 2010, reaffirming New York's leading position nationally amongst trotters. He achieved a rare Triple Crown among trotting stallions: Credit Winner was the leading sire of 2-year-old trotters, the leading sire of 3-year-old trotters, and the leading overall sire of trotters in North America.

Pacing stallions based in New York also ranked among the North American leaders.

In 2010, 1585 mares were bred to New York stallions as breeders recognized the added value of breeding in the Empire State.

If a breeder opts to sell a New York-sired yearling, he or she can be assured of a strong demand from buyers at the auctions.

If he or she opts to retain the yearling and race it, he or she can look forward to robust purses and plentiful racing opportunities in the New York Sire Stakes.

Those racing opportunities in New York span not only seven pari-mutuel tracks, but also 22 county fairs across the state. New York's county fairs are an integral part of the state's agricultural community and we are proud that the New York Sire Stakes has long been an essential part of our state's fairs. The fairs are the foundation of harness racing and only by having a strong foundation can we maintain the best program in America.

In 2010 some 1064 yearlings were nominated to the sire stakes program. Although not as robust as the 2009 crop of yearlings, this certainly represents a strong endorsement of the appeal and particularly the high purses of the New York Sire Stakes. With the reinstatement of breeders' awards in 2008, the Fund injected over \$1 million in 2010 directly into the New York equine sector of agriculture. A recent economic study shows that the New York Sire Stakes is responsible for 2800 jobs and payroll of \$125 million per year. This is no small feat in these economic times.

Respectfully Submitted,

John D. Sabini, Chairman  
Agriculture and NYS Horse Breeding Development Fund

## INDEPENDENT AUDITORS' REPORT

MEMBER AICPA, NYSSCPA

To the Trustees of  
Agriculture and New York State Horse Breeding Development Fund

We have audited the accompanying statements of net assets of Agriculture and New York State Horse Breeding Development Fund (the Fund), a component reporting unit of the State of New York, as of and for the years ended December 31, 2010 and 2009, and the related statements of revenues, expenses and changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Agriculture and New York State Horse Breeding Development Fund as of December 31, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2011, on our consideration of Agriculture and New York State Horse Breeding Development Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants, including compliance with investment guidelines. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audits were conducted for the purpose of forming opinions on the financial statements taken as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

Management's Discussion and Analysis (MD&A) on pages 1 and 2 is not a required part of the basic financial statements but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

*Wojewski + Co CPAs, P.C.*

# COUNTY FAIR, 4-H & EQUINE RESEARCH CONTRIBUTIONS

The Agriculture & New York State Horse Breeding Development Fund is mandated by law to provide monetary contributions to New York State county fairs for capital improvement projects, to the statewide 4-H program for its standardbred development program and to a fund of a land grant university within this state with a regents approved veterinary college facility. Below is a summary of the Fund's contributions to each in 2010.

## COUNTY FAIRS

During 2010 the Agriculture and New York State Horse Breeding Development Fund (the Fund) provided \$132,000 to the 22 agricultural fairs that continue to conduct harness racing. By law these funds must be used for maintenance and repairs of racing and other fair facilities. These renovation monies were in addition to \$44,000 provided to administer the races and \$537,384 in funding for purses contested for in the County Fair Division of the New York Sire Stakes Program.

## EQUINE RESEARCH

In 2010 the Fund provided \$311,442 to the Harry M. Zweig Memorial Fund for Equine Research at Cornell University, the state's sole land grant university. By law, this money is used by the University's College of Veterinary Medicine to fund medical research including equine reproduction issues, embryonic stem cell research, and more.

## 4-H CLUBS

The Fund contributed \$47,560 for broad-based support to the statewide 4-H program centered at Cornell University, helping to provide youngsters with educational opportunities and information on possible careers within the breeding and racing industries.

Cornell Cooperative Extension staff, volunteers, industry professionals, various colleges, and networking organizations work collaboratively to educate youth and adults about the equine industry with activities such as tours of regional harness tracks and racing and breeding facilities.

Standardbred Day Clinics are held at Standardbred farms, county show grounds and fairgrounds, county farms and local schools. Support from the Fund helps to underwrite costs associated with supplies and training for 4-H staff members, including educational materials, the NYS 4-H Horse Program newsletter "Unbridled Thoughts."

The Fund also supports "The Kids and Horse Tent" at the State Fair at Syracuse. This tent is managed by volunteers and staffed by 4-H youth.

# SALES RESULTS & PUBLICITY EFFORTS

## NY-BREDS AT HORSE SALES

New York-bred yearlings are sold at three major sales throughout the country each year:

- The Harrisburg Standardbred Sale in Harrisburg, PA
- The Lexington Selected Yearling Sale in Lexington, KY
- The Morrisville College Standardbred Sale in Morrisville, NY

The charts at the right provide a comparison of New York-bred yearlings sold at each sale to the yearlings sold from all states in 2010 and for the past three years.

NY-Bred Yearlings	2008	2009	2010
<b>Average Sale Price - all three sales</b>	<b>\$34,065</b>	<b>\$25,668</b>	<b>\$26,950</b>
Average Sale Price - Harrisburg	\$38,280	\$30,224	\$36,383
Average Sale Price - Lexington	\$52,120	\$38,141	\$35,679
Average Sale Price - Morrisville	\$11,794	\$8,639	\$8,789
<b>Total Number of NY-Breds Sold - all sales</b>	<b>464</b>	<b>692</b>	<b>552</b>
Harrisburg	168	284	247
Lexington	133	199	134
Morrisville	163	209	171

All Yearlings	2008	2009	2010
<b>Average Sale Price - all three sales</b>	<b>\$26,895</b>	<b>\$24,700</b>	<b>\$23,430</b>
Average Sale Price - Harrisburg	\$29,864	\$31,769	\$30,745
Average Sale Price - Lexington	\$39,028	\$33,853	\$30,982
Average Sale Price - Morrisville	\$11,794	\$8,477	\$8,563
<b>Total Number of Yearlings Sold - all sales</b>	<b>2,083</b>	<b>2,133</b>	<b>2,130</b>
Harrisburg	1,096	1,079	1,124
Lexington	824	825	820
Morrisville	163	229	186

## PUBLICITY & MARKETING

The Fund continued its branding campaign with online and print marketing and promotional events at race tracks.

The Fund included social media in its marketing mix in 2010. The NYSS Facebook Page, [www.facebook.com/NYSireStakes](http://www.facebook.com/NYSireStakes), offers fans a place to discuss NYSS news and events, look at race photos or upload their own photos. The NYSS Twitter feed, [www.twitter.com/NYSireStakes](http://www.twitter.com/NYSireStakes), gives followers realtime updates about the Fund and its Sire Stakes program.

Updates to the Fund's website, [www.nysirestakes.com](http://www.nysirestakes.com), include social networking tools to engage users by allowing them to share their favorite news items via email or social networking sites, such as Facebook, myspace, and newsvine. The site also utilizes Google Calendars to provide the racing and staking schedules. This enables users to download the calendars to their mobile phone or desktop calendars.

# 2010 BREEDERS' AWARDS PROGRAM

## PERFORMANCE BASED PROGRAM

The performance based program provides awards at all levels of the New York Sire Stakes Racing Program. Eligible recipients are those individuals or farms who bred a money-earning horse that raced in the NYSS Program.

In 2010, 346 breeders shared a total of \$1,177,863 in performance-based Breeders' Awards.

Payments to the breeder of each horse are calculated based upon a preset breeders' awards chart that is established by the Development Fund at the end of each purse year. The chart is calculated on NYSS gross purses and allocates breeders' awards in descending amounts, similar to purses, for finish positions one through five.

Due to the nature in which the Development Fund receives its funding, award amounts available each year depend upon the Fund's actual revenue.

## RESIDENCY BONUS PROGRAM

The Residency Bonus Awards requirements continued during the 2010 breeding season with the first Residency Bonus Awards to be paid in 2012 for eligible horses racing as two-year-olds.

To be eligible, breeders must certify that the mare was resident in New York State for 180 continuous days during the breeding year at a breeding farm where the mare was bred to a New York eligible stallion resulting in a New York-bred foal. A Residency Bonus is awarded to breeders whose resident mares' progeny race in the NYSS as a two- and/or three-year-old and finish in positions one through five.

The total Residency Bonus pool is divided into three pools according to level of racing: Sire Stakes/State Fair, 70%; Late Closers, 20%; and County Fairs, 10%. Each residency pool amount is divided by the total number of resident horses who finished in the money for that race season. Breeders of a resident horse will receive a "flat" bonus amount according to race level.

### TOP 10 PERFORMANCE-BASED AWARD RECIPIENTS IN 2010

BREEDER	AWARD AMOUNT
Winbak Farm	\$102,536
Blue Chip Bloodstock, Inc.	\$72,378
Hanover Shoe Farms, Inc.	\$32,643

# 2010 NYSS & STATE FAIR LEADERS

The New York Sire Stakes Series is the most competitive division with the most talented New York-bred two- and three-year-old horses vying for enhanced purses at pari-mutuel tracks statewide. The State Fair Series supplements the Sire Stakes Series with featured meets held at Tioga Downs, Vernon Downs and Goshen Historic Track.

In 2010, the Sire Stakes Series had purses amounting to \$15 million and the State Fair Series had purses amounting to \$1.1 million. Below are the top five earners in each division.

# 2010 LATE CLOSERS & COUNTY FAIR LEADERS

## LATE CLOSERS LEADERS

The Late Closers Series of the Sire Stakes is designed for late-blooming two- and three- year old horses. This slightly less competitive series gives owners, drivers, and trainers the opportunity to race their developing horses while earning money.

In 2010, the Late Closers Series had purses amounting to \$2.4 million. Below are the top five earners in each division.

### TWO-YEAR-OLD TROTTING COLTS

<u>HORSE</u>	<u>EARNINGS</u>
