Letter from the Executive Director

The Honorable Andrew M. Cuomo,
Governor of the State of New York
Members of the New York State Legislature

On behalf of the trustees of the Agriculture and New York State Horse Breeding Development Fund, I am pleased to present the Fund's 2013 Annual Report.

The Agriculture & New York State Horse Breeding Development Fund administers the New York Sire Stakes, the nation's oldest harness racing program. The racing opportunities for Standardbred horses in New York include seven pari-mutuel harness tracks, the Goshen Historic Track and 21 county and town fairs across the state. The New York Sire Stakes has long been an essential part of our state's fairs, which are the foundation of harness racing.

Stallion fees, an indicator of the quality available at New York's breeding farms, soared 85% from 2001 to 2013. Due to an accompanying escalation in the quality of broodmares, New York outpaced the rest of the nation in average yearling prices (\$36,836) at premier auctions in 2013. As bloodstock continues to improve, New York yearlings will continue to sell for premium prices, allowing breeders to reinvest and expand their operations. This growth will continue to increase the economic and agricultural benefits the Standardbred breeding and racing provide to the State of New York.

The Agriculture and New York State Horse Breeding Development Fund will continue to support the breeding of world-class horses in New York State and enhance our state's vital agricultural community in 2014 and beyond.

Sincerely,

A handwritten signature in black ink that reads 'Mike Mullaney' in a cursive script.

Mike Mullaney
Executive Director
Agriculture and NYS Horse Breeding Development Fund

Mike Mullaney
Executive Director

Industry Comment

In addition the statistical and economic information contained in this annual report, the Agriculture and New York State Horse Breeding Development Fund is further directed to incorporate comments from spokesmen representing all segments of the industry as well as recommendations on preserving and enhancing the state standardbred breeding industry in this state. Comments from industry leaders follow:

"New York's support of the Sire Stakes program, and its agricultural base has been well justified."

"The adoption of the VLT/Racing partnership attracted a higher-level stallion base to the program. New York-breds not only provide a competitive racing product in New York, they now excel on national and international levels. Owners paid top dollar at the yearling sales in 2013 because of that racing productivity.

"But from a breeder's point of view, owners were buying yearlings that resulted from a breeding decision that was made two years previous. To perpetuate the value of a New York-bred, the Sire Stakes program must ensure that the breeding and racing climate continues to be progressive and appealing, such that mare owners feel confident they will have the ability to successfully raise and market desirable NY-breds two years hence from the mares they will be breeding in 2014 and thereafter.

"Strengthening the Resident Breeders' Award program to incentivize mare owners to bred and board in the state would be one such avenue. It would make the NY program more competitive with neighboring Sire Stakes jurisdictions – in particular Pennsylvania, to which NY farm operations have lost potential boarders, and encourage them to return to New York.

"It would additionally support the New York Sire Stakes' goal to maintain and increase agricultural acres. I believe New York can also strengthen its Sire Stakes program by being more "customer friendly" and advocate the use of technology to ensure its participants (breeders and owners) have easy access to information and online services."

**Jean Brown, Vice President, Operations,
Blue Chip Farms**

"With the increased purses in the Sire Stakes program, I have seen our local breeding farms expanding with more horses and adding more help as they grow.

"As a racing official at the county fairs I have seen an increase of fans in the grandstands and a growing interest in the harness industry in general. I have been amazed at the number of people that come up to me and ask about the business.

"As an owner, driver and trainer for 30 years, the attention that the NY-breds have been getting is very positive, but I think we need to come up with a way to spread the money around. In order for the program to continue to grow we need all the owners who buy NY-breds to make enough money so that they can continue to afford buying at the sales."

**Scott Campbell, New York-based
racing official and horseman**

"As a journalist who has covered the New York thoroughbred and standardbred industries for more than 25 years and has reported for the New York Daily News and the New York Times, I am pleased to report that, from my perspective, the standardbred breeding industry in the state has never been stronger.

"Proof of that came at the 2013 Harrisburg sale, the biggest and most important yearling sale in North America. There, the average sale price for New York-bred yearlings was \$39,667, which led all states and provinces. Pennsylvania likes to brag that it has the best standardbred breeding program in the U.S., but New York-breds averaged 12.6% more than Pennsylvania-breds at Harrisburg.

"This is the direct result of the revenue from VLTs doing what it was intended to do, strengthen an industry and provide jobs to New Yorkers. The breeding farms are healthy and prospering, which means farriers are doing well, farm equipment manufacturers are doing well, feed companies are doing well, grooms and other workers on the farms are doing well.

Bill Finley, Publisher, Harness Racing Update

(continued on page 5)

(continued from page 4)

"In my mind the Sire Stakes program should be a tool, not only to reward the owners and breeders, but to promote horse ownership and participation in the program. I don't feel we do enough to encourage new owners into the game or existing owners to buy NY-bred horses. I think this idea can be advanced in four ways:

- 1) Spend more of the Fund's available money on marketing, including promotion and advertising.
- 2) Encourage syndicates and group ownership.
- 3) Keep the most prestigious races (the Night of Champions) and highest purses at Yonkers. This may sound self-serving, but I firmly believe that, not only is it what the law requires, it's where the races would get the most attention, in the media capital of the world, and,
- 4) Have the NY tracks write races for New York-bred and owned horses. This will allow owners that have made an investment in NY-breds to continue earning money after their 3-year-old season and, best of all, this money will come out of the tracks' purse account, not the Fund's revenues."

**Bob Galterio, Chief Operating Officer,
Yonkers Raceway**

"At the moment, I believe the standardbred breeding industry in the state is in good shape.

"Long-term, however, I believe we are going to see a gradual decline as our customers gradually disappear due to the fact that the vast majority of them are over 60. Unless we find a way to replace these older customers and yearling buyers with young people we are going to eventually have a serious problem.

"The one mistake I believe we made was that there is no provision that forces a portion of the money going to purses and breeders' awards to be used for marketing, and as a result, very little money is being spent on marketing."

**Jeff Gural, owner of Tioga Downs
and Vernon Downs**

"At Batavia Downs we take the New York Sire Stakes seriously because it is our stakes season. It's a fact our best handles, on and off-track, and biggest crowds are attained during NYSS events. Because New York State is now standing some of the top stallions in the sport of Harness Racing, track records are routinely broken at Batavia Downs and throughout New York State during NYSS events.

"The NYSS also gives our fans a chance to watch from the track apron some of the top drivers in the sport. In the last two years Tim Tetrick, Brian Sears and George Brennan all competed at Batavia Downs, certainly a big highlight for our fans. In conjunction with the NYSS, Batavia Downs holds promotions geared around the NYSS to enhance our customer's experience during NYSS events.

My recommendations would be to have a uniform purse structure for the NYSS at all New York State tracks so racing fans throughout New York no matter of location would get a chance to watch the best NYSS horses and drivers. A uniform purse structure would level the playing field for all New York tracks and stop horsemen from picking and choosing where they want to race based on purse money.

"Another suggestion would be to bring back the 4-year-old division. Now that more top horses are racing until age 4 before retiring, I feel the NYSS should take advantage of it and return the 4-year-old division much like it was during the '70s and '80s."

**Todd Haight, General Manager of Live Racing,
Batavia Downs**

"The breeding industry in New York seems to be doing well. Yearling averages were up for New York-breds at all the major sales. Morrisville College Sale was up 21%. Quality horses are in demand, a strong middle market (which is something we have not had in recent years).

"Only changes I would suggest are the usual ones that involve access at the track to horses owners have in the paddocks ... I can't emphasize enough how important it is to be able to get guests in the paddocks ... The best way to attract new owners is to get them involved with the horse aspect of what goes on behind the scenes.

(continued on page 6)

(continued from page 5)

"Again, some commonality to purse structure from track to track would be nice to see. An owner should not go to Buffalo or Batavia and race for \$10,000 and take the same horse to Yonkers or Saratoga and race for 4 or 5 times that amount. It's a flawed system of money distribution. It should be fixed."

Dave Hanson, President, Harness Horse Breeders

"New York-breds have never - and I've been covering harness racing for more than 40 years - been more successful in open company than the last two years. Besides that, the NY Sire Stakes has a dynamic approach to its rich NY Sire Stakes Finals with a point system that's easy to follow and encourages horsemen to enter as many legs as possible."

Bill Heller, Harness Racing Hall of Fame Reporter

"New York has one of the best sire stakes programs and must improve to stay competitive with other states. The following are my suggestions:

All mares must stay in New York for six months of breeding
Special races for aged New York-bred horses only.
Rotate the finals (Night of Champions) to other tracks Vernon Downs, Saratoga and Yonkers.

"These will make N.Y. the best place to breed and race horses."

Ken Jacobs, longtime New York owner and breeder

"The VLT initiative has enabled my business to grow from two full-time employees in 2001 to 10 full-time in 2014, with an annual payroll of \$350,000. My client base is made up of people from all over the U.S., Canada and Sweden. These are people who frequent the NY tracks and avail themselves to the local hotels and restaurants as well."

"In 2013 my clients and myself invested \$674,000 in seven NY-bred yearlings. As we go forward into 2014 and beyond, it is imperative that our industry be allowed the opportunity to grow with changing economic issues ahead."

"Purses need to remain strong and allowed the opportunity to increase with increasing revenue streams. There is a tremendous interest amongst people globally, not just NY or U.S. residents, to invest and participate in the NYS breeding

and racing industry. As long as the purse structures continue and be allowed to grow, so too will the agricultural industry, including breeding farms and training centers throughout NY State.

"Race dates and NYSS events need to be maintained and planned with accordance to other important industry races (such as Grand Circuit events)."

"The requirements of stallions to have long-term lease arrangements with NY farms needs to be abolished. Stallions are constantly going to fluctuate in value and demand and should only be held to one-year agreements."

Paul Kelley, longtime New York horseman

"New York horses certainly sold through the roof, New York has been a great market."

"I had a filly that I bred that won over \$300,000 just racing in New York this year. New York is a great place to race right now."

**Paul Spears, Chief Executive Officer,
Standardbred Horse Sales**

"I continue to believe that the NY standardbred program, including both racing and breeding segments, offer horsemen, owners and breeders tremendous opportunities. It remains the top sires stakes program in North America (and now essentially the world) by offering top purses at seven racetracks across the state, which in turn encourages people to breed their mares to NY stallions. Exposure to harness racing and harness racing history at the Harness Racing Museum attracts individuals to become involved in owning and breeding horses."

"We are currently targeting our education efforts at agriculture groups like 4-H to introduce children and adolescents who are interested in horses to the world of harness racing. As I was advised many years ago, if you want to own a horse, own a racehorse that can make you money instead of just costing you. Owners can participate directly with their horses by jogging and training them themselves."

**Janet Terhune, Director,
Harness Racing Museum & Hall of Fame**

Economic Impact

According to the "New York State Equine Industry Economic Impact Study" of 2012, the combined standardbred and thoroughbred industries had an economic impact of \$4.2 billion, contributing to every county in the state while generating \$187 million in state and local taxes.

An estimated 1.3 million acres of land within the state is devoted to farmland. There are an estimated 23,000 family-owned farms and stables with the state, with about 2,300 facilities devoted to breeding and training racehorses.

Additionally, according to the study, the equine industry as a whole generates about 33,000 full-time jobs for New Yorkers.

The following table summarizes the annual impact of the standardbred breeding and racing industry on the New York State economy. Every year, the industry creates more than \$711 million in sales at New York-based businesses, supporting an estimated 7,000 jobs that pay more than \$277 million in annual wages.

	Direct	Indirect	Total
Sales	\$394,283,340	\$317,638,007	\$711,921,347
Jobs	4,804	2,290	7,094
Earnings	\$143,028,320	\$134,446,620	\$277,474,940

Total Annual Economic Impact of Standardbred Breeding & Racing

The table below shows the annual impact of the New York Sire Stakes program on New York State. If the New York Sire Stakes program did not exist, the state would lose almost \$300 million in annual business sales and 2,800 jobs that pay more than \$107 million in wages.

	Direct	Indirect	Total
Sales	\$157,850,848	\$136,423,235	\$294,274,083
Jobs	1,928	928	2,857
Earnings	\$55,361,948	\$52,040,232	\$107,402,180

Annual Economic Impact of NY Sire Stakes Program

Year in Review

New York Breeders Have Reason To Celebrate 2013

New York breeders and owners have plenty to celebrate when they look back on 2013. State-bred horses excelled in national competition and topped the yearling sales. The state continued to attract exciting new stallion prospects and the state government guaranteed supplemental purse revenue, both signaling the future strength of racing in the Empire State.

On the track, New York-breds made a strong impression this year, led by Hambletonian champion Royalty For Life. This son of RC Royalty also scored in the Stanley Dancer, Zweig Memorial and Canadian Trotting Classic on his way to eclipsing \$1.6 million in career earnings.

A Breeders Crown title went home with Artiscape's daughter Shelliscape when she scored in the most prestigious event for aged-mare pacers, a victory that brought her career earnings to more than \$850,000. In addition, New York Sire Stakes Champion He's Watching made sure everyone will be watching this undefeated colt when he returns in 2014. The son of American Ideal etched his name into the record books during the Night of Champions at Yonkers Raceway, where, in the last of his eight perfect starts, he equaled a 1:52.2 world record for 2-year-old pacing colts on a half-mile track.

But New York also found success in the breeding shed. A total of 1,434 mares- up slightly from the year before, were bred to 60 registered stallions. New York-eligible yearlings led all states with the highest average price at both of the largest select yearling sales in the U.S., boasting a vigorous \$48,097 average at the Lexington Selected sale and \$39,664 in Harrisburg.

Nationally, three of the top five sires ranked by earnings of 2-year-old pacers were from New York (Art Major, American Ideal, Bettor's Delight) and three New York stallions were in the top ten list of 3-year-olds earnings (Credit Winner, RC Royalty, Crazyed). On the list of national money winning sires of 2013, Bettor's Delight and Art Major ranked first and third, respectively, among pacers and Credit Winner and Conway Hall were fourth and ninth among all trotters.

The state also attracted several new stallions for the 2014 breeding season, notably Breeders Crown Champion and winner of \$1.6 million, Betterthancheddar. Three trotting stallions will be relocating from other breeding programs, including Muscles Yankee, a proven sire whose progeny earned \$5.7 million this year, is moving from Pennsylvania. He will be joined by Lucky Chucky, whose first crop of New York-eligible yearlings sold well this fall and is returning to the state after one year in Pennsylvania, and Muscle Mass, whose offspring earned \$3 million this year and will be coming from Ontario. Pacer Rockincam will be retiring from the track after competing in the top open ranks in the country and collecting nearly \$800,000 in career earnings.

With more than 200 Standardbred breeding farms in the state contributing to New York's agricultural economy, the state also made the move this year to guaranteed revenue from VLTs at the racetracks in the recently passed casino amendment to the state constitution. This means that purses for the New York Sire Stakes program and overnight purses will be preserved for the future with no less than current VLT contributions, providing security for breeders and horsemen.

Pennsylvania Stallion Series races are equivalent to Excelsiors; has 48 fair dates at 21 venues

Indiana has the Gold Level as equivalent to the Sire Stakes; the Silver Level are equivalent to the Excelsiors, each with two legs and sets of finals; there is \$306,000 distributed to older horses in the Indiana Sire Stakes; there is no consolation; 2- and 3-year-olds compete together at county fairs, as do older horses.

New Jersey Green Acres races are equivalent to Excelsiors; about \$900,000 is distributed through what are called "special races," those races including the New Jersey Classic, Miss New Jersey, Harold Dancer, Charles and Helen Smith, a few Futurities and other events.

Ohio does not have an equivalent to Excelsiors or consolation.

Agriculture & New York State Horse Breeding Development Fund 2013 Purses

County Fair Championships at Batavia

Dispersal of Fund Money 2013

The Agriculture and New York State Horse Breeding Development Fund's disperses money through:

The Agriculture and New York State Horse Breeding Development Fund's disperses money through:

- County- and town-fair reimbursements for property improvement (maximum \$6,000) and racing administration (maximum \$2,000, totaling a maximum of \$8,000 per fair) is limited to those 21 fairs that conducted a New York Sire Stakes racing program in 2013;
- Prize money of \$24,000 allocated to competing horsemen at each of the 21 participating county and town fairs. An additional \$348,000 went to the state fair races at Tioga Downs and Vernon Downs;
- A \$100,000 allocation distributed to all New York's county- and town fairs – racing and non-racing alike – apportioned according to a formula devised by the NYS Department of Agriculture and Markets. Of that dividend, \$5,000 paid for the State Fair
- Association's brochure, which was distributed throughout the state;
- Prize money, listed as "Stakes Purses," for upper-echelon races (Sire Stakes and Excelsior events). This money was distributed to the seven pari-mutuel tracks and Goshen. The pari-mutuels are Batavia in Genesee County; Buffalo in Erie County; Monticello in Sullivan County; Saratoga Raceway in Saratoga County; Tioga Downs in Tioga County; Vernon Downs in Oneida County, and Yonkers in Westchester County. Goshen is in Orange County. Breeders' award money was distributed to the state's horsemen, according to their listed residence.

Western New York

County	Fair Purses	Reimbursements	Ag&Markets Allocation	Stakes Purses	Breeders Awards
Allegany			\$1,327.55		\$25.55
Cattaraugus			\$1,327.55		\$3,702.65
Chautauqua	\$24,000	\$8,000	\$2,655.11		\$218.06
Erie	\$24,000	\$8,000	\$2,655.11	\$1,179,496.00	\$4,732.52
Niagara			\$762.96		\$1,325.70

Finger Lakes

County	Fair Purses	Reimbursements	Ag&Markets Allocation	Stakes Purses	Breeders Awards
Genesee	\$104,000		\$1,327.55	\$1,144,996.00	\$4,298.92
Livingston					\$1,020.46
Hemlock	\$24,000	\$8,000	\$2,655.11		
*Caledonia			\$2,655.11		
Monroe			\$1,327.55		\$801.10
Ontario			\$1,327.55		
Orleans			\$762.96		
Seneca	\$24,000	\$8,000	\$2,655.11		\$293.36
Wayne	\$24,000	\$8,000	\$2,655.11		
Wyoming			\$1,327.55		
Yates			\$1,327.55		\$9,101.55

Note: The Livingston County Fair Agriculture & Markets Reward was based on 2012 races; the fair canceled its 2013 races, which were picked up by Batavia Downs, and checks were wired to that pari-mutuel facility.

Southern Tier

County	Fair Purses	Reimbursements	Ag&Markets Allocation	Stakes Purses	Breeders Awards
Broome			\$1,327.55		\$1,807.64
Chemung	\$24,000	\$8,000	\$2,655.11

2013 Breeder's Awards Program

PERFORMANCE-BASED PROGRAM

The performance-based program provides awards at all levels of the New York Sire Stakes Racing Program. Eligible recipients are those individuals or farms who bred a money-earning horse that raced in the NYSS Program. In 2013, 307 breeders shared a total of \$700,000 in performance-based Breeders' Awards. Payments to the breeder of each horse are calculated based upon a preset breeders' awards formula that is established by the Development Fund at the end of each purse year. The formula is calculated on NYSS gross purses and allocates breeders' awards in descending amounts based on monies won, for finishing first through fifth. Due to the nature in which the Development Fund receives its funding, the award amounts available each year depend upon the Fund's actual revenue.

RESIDENCY-BASED PROGRAM

To be eligible for residency bonus awards, breeders must certify that the mare will reside in New York State for 180 continuous days during the breeding year at a farm where the mare will be bred to a New York eligible stallion resulting in a New York-bred foal. A Residency Bonus is awarded to breeders whose resident mares' progeny race in the NYSS as a 2 and/or 3-year-old and finish in positions one through five. The total Residency Bonus pool of \$300,096 was divided into three pools according to level of racing: Sire Stakes, 70%; Excelsiors, 20%; and County Fairs, 10%. Each residency pool amount is divided by the total number of resident horses who finished in the money for that race season. Breeders of a resident horse then receive a "flat" bonus amount according to race level.

Participating Broodmares, Stallion and Yearlings in the New York Sire Stakes

Breeding Statistics

Year	Mares Bred	Registered NY Stallions	Yearlings Nominated To Program*
2013	1,434	60	960

Sales Results

New York-bred yearlings are sold at three major sales each year:

- The Harrisburg Standardbred Sale in Harrisburg, PA.
- The Lexington Selected Yearling Sale in Lexington, KY
- The Morrisville College Standardbred Sale in Morrisville, NY

The accompanying chart provides a comparison of purchase prices for New York-bred yearlings to the purchase prices of yearlings sold from all states from 2010 through 2013.

Following this information are sales reports on the two premier yearling sales in the United States:

NY-Breds in the Sales Ring

NY Bred Yearlings	2010	2011	2012	2013
Average Sale Price – all three sales	\$26,950	\$24,175	\$25,160	\$36,836

Harrisburg Yearling Sale

Monday, Nov. 4–Thursday, Nov. 7, 2013
Pennsylvania State Farm Show Complex in Harrisburg, Pa.

Sale Report by Harness Horse Breeders of New York State for Agriculture and New York State Horse Breeding Development Fund

OVERVIEW

Overall, the Harrisburg yearling sale average price was up 18.9 percent over last year, an even greater increase than the 8 percent improvement seen in Lexington. A total of 1,047 yearlings were sold over four days for a gross of \$35,959,500 and an average price of \$34,345 (16.7 percent below the Lexington average this year and comparable to the difference between the two sales last year).

The Harrisburg sale is the final sale of the season and catalogs the most horses. This has traditionally been the largest venue for top New York-bred yearlings, offering 40 percent more New York-eligibles as Lexington. In Harrisburg, New York-breds made up 26.2 percent of the sale with 274 offered. They averaged \$39,929, 15.5 percent above the overall average.

Below is a more detailed analysis of the sale, beginning with day-by-day overviews. Traditionally, the most attractive yearlings, both in pedigree and conformation, are offered at the beginning of the sale. Following this information is more detailed comparative analysis of the sale results.

DAILY SUMMARIES

Day One

	Number Sold	Average Price	Notes
All Yearlings	219	\$65,009	21.1% increase from last year
NY Yearlings	60	\$68,908	6.0% above average

Day Two

	Number Sold	Average Price	Notes
All Yearlings	298	\$39,710	7.6% increase from last year
NY Yearlings	82	\$41,226	3.8% above average

Day Three

	Number Sold	Average Price	Notes
All Yearlings	268	\$19,170	17.1% increase from last year
NY Yearlings	69	\$24,007	25.2% above average

Day Four

	Number Sold	Average Price	Notes
All Yearlings	262	\$18,135	27.5% increase from last year
NY Yearlings	63	\$26,929	48.5% above average

Harrisburg Yearling Sale-2

Overall

	Number Sold	Average Price	Notes
All Yearlings	1,047	\$34,345	18.9% increase from last year
NY Yearlings	274	\$39,929	15.5% above average

For the entire sale, New York-breds averaged 15.5 percent above the overall average, and were above the sale average on every day, especially day three (25.2%) and day four (48.5%). The sale experienced a huge increase in average from last year on the first day, a foreshadowing of the overall sale. A total of 15 of the 40 \$100,000 yearlings on the first day were by New York sires.

All segments of the market seemed to be strong at this sale, which is indicative of a recovering market after economic depression for several years and also a decline in the number of yearlings offered and therefore increasing demand.

The overall increase in average was much stronger in Harrisburg than in Lexington, but the success of the sales at both venues was a positive for breeders. The New York yearlings had the highest average at both sales by being 18.2 percent higher in Lexington and 15.5 percent higher in Harrisburg, showing strong demand for these individuals.

New York-bred yearlings made up 26.2 percent of the Harrisburg catalog and 30 percent of the gross sales (\$10,868,000).

SEX AND GAIT COMPARATIVES

Overall

Group	Number Sold	Average Price	Top Price	\$100,000+
Pacing Colts	295	\$39,563	\$300,000	24
Pacing Fillies	277	\$26,585	\$355,000	5
Trotting Colts	251	\$38,014	\$300,000	17
Trotting Fillies	224	\$32,960	\$260,000	13
Total	1,047	\$34,345	\$355,000	59

NY Sired

Group	Number Sold	Average Price	Top Price	\$100,000+
Pacing Colts	81	\$49,228	\$240,000	11
Pacing Fillies	86	\$28,401	\$120,000	1
Trotting Colts	59	\$44,576	\$230,000	6
Trotting Fillies	48	\$37,667	\$260,000	3
Total	274	\$39,929	\$260,000	21

New York-breds significantly outpaced the sale average in all four categories. Pacing colts were the strongest sector of the sale overall and particularly in New York, where the average exceeded the sale average by almost \$10,000 (by a total of 24.4%). In fact, New York yearlings represented almost half of the sale's \$100,000 pacing colts.

Harrisburg Yearling Sale-3

New York-bred trotting colts also exceeded the average by more than \$6,500, or 17.3%. There were six \$100,000 yearlings in this category—35% of the high-priced yearlings in this sector—even though New York only had 23% of the trotting colts cataloged. Also, New York had the second highest priced yearling in this category at \$230,000.

Among the trotting fillies, New York had the top-priced yearling at \$260,000, plus two other \$100,000 yearlings. The average of \$37,667 was 14.3% above the average in this sector.

Pacing fillies represented the weakest segment of the sale, which is not unusual. New York's strong line-up of pacing sires, however, helped to buoy this market with New York-bred yearlings exceeding the sale average by 6.8%.

TOP 10 YEARLINGS BY SALE PRICE

The top 10 yearlings of the sale were mostly from Pennsylvania and New York, representing the richest Sire Stakes programs, with one from New Jersey. The sales results also show that buyers were interested in both gates and both sexes, with no single category dominating the top 10, as pacing colts clearly did in last year's sale.

Harrisburg Yearling Sale-4

Interest in New York yearlings was also well split between the two gaits, but was slanted a little more toward colts. Although only two fillies ranked in the top 10 price list, New York's highest price went to a filly—a Credit Winner full sister to million-dollar winner Dejarombo. The vast majority of the sires represented here are proven stallions, but a colt from first-crop sire Rock N Roll Heaven was fifth on the list with a substantial \$180,000 tag.

State Eligibility Comparison

(with at least five yearlings in sale)

State	Yearlings Sold		Average	
NY	107	Trotters	\$41,477	Trotters
	167	Pacers	\$38,503	Pacers
	274	Total	\$39,929	Total
NJ	43	Trotters	\$56,500	Trotters
	72	Pacers	\$28,278	Pacers
	115	Total	\$38,830	Total
PA	232	Trotters	\$34,110	Trotters
	219	Pacers	\$36,240	Pacers
	451	Total	\$35,144	Total
ON	87	Trotters	\$23,506	Trotters
	102	Pacers	\$23,681	Pacers
	189	Total	\$23,601	Total
IN	5	Trotters	\$15,300	Trotters
	11	Pacers	\$14,727	Pacers
	16	Total	\$14,906	Total

Due to the size of the sale, the averages in Harrisburg are typically more moderate than in Lexington. New York-eligible yearlings again had the highest average, as they did in Lexington. New York also had the strongest average for pacers at \$38,503 and the second-highest for trotters at \$41,477, behind New Jersey's exceptionally strong \$56,500 trotting average. New York, however, had nine trotting yearlings sell for \$100,000 or more compared to New Jersey's seven.

A variety of pacing stallions contributed to New York's success, with American Ideal, Bettor's Delight, Art Major and first-crop sire Rock N Roll Heaven all posting \$100,000 yearlings. New York's perennial trotting stallion stars Credit Winner, Conway Hall and newcomer Lucky Chucky posted \$100,000 yearlings. Desired stallions, along with a strong underlining Sire Stakes program, continue to drive the top yearling sale prices.

Crazed	T	28	\$23,750	\$90,000—Monarch Bluechip (Reven Crown)
If I Can Dream	P	4	\$19,250	\$30,000—High Resolution (Just Great)
Artiscape	P	4	\$19,000	\$45,000—Aimo Hanover (Allamerican Celeb)

New York sires ranked as seven of the top 20 sires by average and three of the top 10. New York's proven trotting sire Credit Winner was the second leading sire overall and the leading trotting sire again this year, besting Muscle Hill by nearly \$9,200 in average price. Veteran stallion Art Major and first-crop sire Rock N Roll Heaven were tops in New York and also in the top 10 sires at the sale, ranking third and fourth, respectively, among pacing stallion averages.

The fact that three trotting sires and four pacing sires from New York were represented on the top 20 sires list of the sale is an outstanding showing for the state.

Harrisburg Yearling Sale-6

CONCLUSION

Overall, New York yearlings performed well at the Harrisburg sale, with 21 selling for \$100,000 or more—that's more than double last year's nine big-money yearlings. The sale demonstrates that New York yearlings remain very desirable in a strengthening market, in which both the top and middle of the market grew this year. A strong and stable Sire Stakes program and sought-after stallions were both necessary components for yearlings to sell well.

New York yearlings performed well above average on days three and four when the middle-class yearlings are typically offered. These were the same days that the sale experienced huge increases over last year.

It is interesting to note that the median price—the price at which half the yearlings offered sold for more and half the yearlings sold for less—was \$20,000. This was the same price as last year despite the huge increase in the average price. The \$20,000 price range does provide a solid return for a breeder, depending on the stallion fee, and is an indication to breeders that selecting New York sires can represent a good business decision.

As in Lexington, first-crop sires Rock N Roll Heaven and Lucky Chucky, helped create excitement for New York-bred yearlings, but offspring by these sires did not eclipse those by New York's historically well producing and proven stallions. So, Credit Winner and Art Major ranked as the leading New York trotting and pacing sires by average, as they did last year at Harrisburg. We were unfortunately not able to see much activity resulting from have a New York-bred Hambletonian winner this year as very few offspring from RC's Royalty were offered.

The Pennsylvania average was driven by the continued demand for Somebeachsomewhere offspring, which posted the highest average of \$81,846, and other proven stallions like Cantab Hall and Donato Hanover. New Jersey yearlings bounced back from a weaker sale last year with strong stallion averages and a more certain racing scene at the Meadowlands.

At both Harrisburg and Lexington, New York's success, was generated by proven sires who have stood in the state and produced results on the state and national level for a number of years, in addition to several exciting new additions. Their offspring are desired both as racing and breeding stock, so they have a strong upfront and residual value.

And finally, as supply of yearlings is starting to diminish due to fewer mares bred, including in New York, demand drove greater competition for good yearlings.

Lexington Selected Yearling Sale

Tuesday, Oct. 1-Saturday, Oct. 6, 2013
Fasig-Tipton Sales Pavilion in Lexington, KY

Sale Report by Harness Horse Breeders of New York State for Agriculture and New York State Horse Breeding Development Fund

OVERVIEW

Overall, the Lexington Selected Sale average sale price was up 12.5 percent over last year, The so-called middle market was exceptionally strong and carried the sale to the delight of breeders. The first night the numbers were relatively even with 2012 numbers; but as the sale continued into the last 2 evening the averages soared a whopping 31 percent. A total of 687 yearlings were sold over five days for a gross of \$27,382,000 and an average price of \$39,857.

The Lexington Selected Yearling Sale is the first of the two preeminent national yearling sales in the U.S. and its results are significant for New York breeders. This sale contained a large number of New York-breds this year at 194, making up 28.3 percent of the sale. New York-sired yearlings averaged \$48,097, 18.2 percent above the overall average.

Below is a more detailed analysis of the sale, beginning with day-by-day overviews. Traditionally, the most attractive yearlings, both in pedigree and conformation, are offered at the beginning of the sale. Following this information is more detailed comparative analysis of the sale results.

DAILY SUMMARIES

Day One

Number Sold	Average Price	Notes	
All Yearlings	105	\$86,324	0.2% decrease from last year
NY Yearlings	31	\$106,484	23.4 % above average

Day Two

Number Sold	Average Price	Notes	
All Yearlings	158	\$52,734	7.6% increase from last year
NY Yearlings	46	\$62,783	19.1% above average

Day Three

Number Sold	Average Price	Notes	
All Yearlings	157	\$34,051	30.9% increase from last year
NY Yearlings	41	\$39,683	16.5% above average

Day Four

Number Sold	Average Price	Notes
-------------	---------------	-------

Lexington Yearling Sale-2

All Yearlings	156	\$21,423	26.5% increase from last year
NY Yearlings	52	\$24,528	14.5% above average

Day Five

Number Sold	Average Price	Notes	
All Yearlings	111	\$11,694	7.0% increase from last year
NY Yearlings	24	\$10,208	12.7% below average

Overall

Number Sold	Average Price	Notes	
All Yearlings	687	\$41,245	8.0% increase from last year
NY Yearlings	194	\$48,097	18.2% above average

The sale experienced a strong opening day, with New York-breds actually outpacing the overall average by more than \$20,160. After two days with averages ahead of last year, the sale reached an astounding 30% increase on day three and 26.5% increase on day four, and returned a 7% increase in the final session. New York-breds were actually stronger than the overall sale on all but day five. There was a marked increase in buyers for the middle market. The strong middle market may indicate that the economic impact of the past few years is beginning to ease. It may also be a reflection of supply and demand in the reduced number of horses bred. New York-bred yearlings made up 28.3 percent of the total sale and 34% of the total gross.

SEX AND GAIT COMPARATIVES

Overall

Group	Number Sold	Average Price	Top Price	\$100,000+
Pacing Colts	166	\$42,789	\$150,000	22
Pacing Fillies	159	\$34,459	\$180,000	10
Trotting Colts	171	\$48,860	\$475,000	18
Trotting Fillies	191	\$33,743	\$260,000	8
Total	687	\$39,963	\$475,000	58

NY Sired

Group	Number Sold	Average Price	Top Price	\$100,000+
Pacing Colts	55	\$57,218	\$130,000	14
Pacing Fillies	61	\$40,033	\$145,000	6
Trotting Colts	33	\$71,091	\$450,000	6
Trotting Fillies	44	\$31,182	\$140,000	2
Total	194	\$49,881	\$450,000	28

Lexington Yearling Sale-3

Trotting colts were the strongest sector of the sale overall, pacing colts made up the second strongest sector, followed by pacing fillies.

In the trotting filly sector, New York-breds may have had a slightly lower average than the overall sale, but did produce two \$100,000 yearlings proportionate to the ratio of yearlings in this sector —approximately one-quarter.

New York-bred pacing fillies helped to significantly buoy that portion of the market, accounting for thirty percent of the horses sold but delivering 60 percent of the \$100,000 yearlings (6 of 10).

The first-crop debut of New York trotting stallion Lucky Chucky (see the next section) was very favorably met by buyers and pushed the sale's trotting colt average over \$48,860. With a first-crop sire in this category, it is not surprising that the New York average was higher than the sale average in this sector.

TOP 10 YEARLINGS BY SALE PRICE

Overall

Yearling	Amount	S/G	State	Sire	Dam
Custom Fit	\$475,000	CT	PA	Cantab	Gala Dream

	40	Pacers	\$24,125	Pacers
	96	Total	\$24,009	Total

New York yearlings had a very strong showing at this sale, buoyed by strong prices for first year sires Lucky Chucky (trotter) and Rocknroll Heaven (pacer) offspring.

Desired stallions such as these, along with a strong Sire Stakes program continue to draw buyers to these yearlings.

New York-breds had the highest sales averages.

Crazed	T	12	\$8,083	\$18,000-No Attachment (Victoria Volo)

New York sires ranked as seven of the top 20 sires by average—over (30%). New York's proven trotting sire Credit Winner had the highest average and first year pacing sire Rock N Roll Heaven was Number 4 in overall averages and Number 2 in pacing averages.

CONCLUSION

New York-bred yearlings performed extremely well at the Lexington sale, with 28 selling for \$100,000 or more. The sale demonstrates that New York yearlings remain very desirable in a supply and demand market, where the middle market appeared to rebound at this sale. A strong sire stakes program and sought-after stallions were necessary for yearlings to sell well.

The addition of highly anticipated first-crop sires and the second crop from a stallion with well-performing first-crop on the track helped New York have an impressive sale.

The Lexington sale is a key indicator for the Harrisburg sale in early November, which is the largest forum for New York yearlings this year, with 297 New York-breds cataloged.

Morrisville Fall Yearling Sale

Sunday, Sept. 22, 2013
Morrisville, NY

Sale Report by Harness Horse Breeders of New York State
for
Agriculture and New York State Horse Breeding Development Fund

OVERVIEW

Overall, the Morrisville Fall Yearling Sale was strong, with more than a 16% increase in average over last year. This sale typically catalogs mostly New York-bred yearlings and that was the case again this year, with 115 of the 125 individuals sold eligible in the state.

A slightly smaller catalog did not seem to hurt the turnout of buyers and there was plenty of bidding to drive up the overall sale prices, including a \$59,000 top bid.

Below is a more detailed analysis of the sale and comparison to last year.

SALE SUMMARY

2013			2012			
Number Sold	Average Price	Gross	Number Sold	Average Price	Gross	Notes
125	\$10,246	\$1,280,800	152	\$8,879	\$1,349,600	16.3% increase in average over 2012
115	\$10,610	\$1,220,100	141	\$9,158	\$1,291,300	15.9% increase in average over 2012

The sale average increased a remarkable 16.3%, demonstrating that even with a smaller catalog than last year (17.8% fewer horses sold), buyers came out to bid on and purchase these horses.

NY-bred yearlings alone increased 15.9% in average price. This may also be an early sign of a buoyed sale market driven by continued demand for NY-bred yearlings and a tighter supply due to an overall smaller crop.

New York-bred yearlings made up 92% of the total sale and 95.3% of the total gross.

Morrisville Yearling Sale-2

SEX AND GAIT COMPARATIVES

NY Sires

Group	Number Sold	Average Price	Top Price	\$10,000+
Pacing Colts	19	\$8,000	\$19,000	7
Pacing Fillies	19	\$7,226	\$26,000	4
Trotting Colts	36	\$11,836	\$59,000	18
Trotting Fillies	41	\$12,310	\$26,000	25
Total	115	\$10,610	\$59,000	54

The trotting sector led the sale and brought 80% of the prices at or above \$10,000, even though they represented 67% of the yearlings. Although a trotting colt brought the top price of \$59,000, trotting fillies had the strongest average at \$12,310 and were best represented with 41 individuals sold.

TOP 10 YEARLINGS BY SALE PRICE

Yearling	Amount	G/S	State	Sire	Dam

Via Dream	24,000	TC	NY	Crazed	New Money
Royal Manipulator	23,000	TF	NY	RC Royalty	Dream Street
Margarite Bluechip	23,000	PF	ON	Shadow Play	K Priceless Pearl

New York-bred yearlings dominated the top prices at this sale, with only one horse eligible outside the state cracking the top 10. Trotters easily dominated the top prices, with colts taking the highest three spots and only two pacers making this list, one from New York. Among the top-priced trotters, five different stallions are represented, demonstrating that buyers are interested in the depth of the sire lines available in New York.

The top price at the 2012 sale was \$45,000, so this year's \$59,000 top-priced yearling from first-crop sire Lucky Chucky was a significant increase.

Morrisville Yearling Sale-3

Sire Averages

New York Sires (at least 2 yearlings)

Sire	Gait	No.	Average	Top Price—Yearling (Dam)
Lucky Chucky	T	6	\$22,000	\$59,000—Lucky Pablo (Classical Princess)
Conway Hall	T	7	\$19,286	\$30,000—Global Revolution (Spin The Planet)
Art Major	P	2	\$19,000	\$26,000—Vava Voom (Toomuchfunwithu)
Crazed	T	7	\$16,571	\$33,000—Awholelottacrazy (Heather Weather)
Rock N Roll Heaven	P	5	\$15,400	\$26,000—Moccasin Blue Chip (Crystal Slipper)
Malabar Man	T	3	\$13,667	\$20,000—Guilty Man (Guilty Pleasure)
If I Can Dream	P	2	\$13,500	\$14,000—Classic Can Dream (State Of Sail)
RC Royalty	T	17	\$13,206	\$25,000—Zanna’s Royal Abby (Zann’s Fan)
CR Excalibur	T	3	\$12,667	\$21,000—Everywhere Fast (Nowhere Fast)
Cash Hall	T	13	\$8,846	\$20,000—Cash Dynasty (China Victory)
	T	130		\$20,000—Stoneridge (Ann’s Promise)

First-crop sire Lucky Chucky, a winner of more than \$2 million and runner-up in the Hambletonian, led all stallions with a \$22,000 average. Proven New York stallions Conway Hall and Art Major rounded out the top three.

Rock N Roll Heaven is another first-crop stallion who had the fifth highest average at \$15,400. The stallion was a Little Brown Jug and Breeders Crown champion and earned \$2.7M in his career. Two yearlings were offered from If I Can Dream’s second crop and held a \$13,500 average.

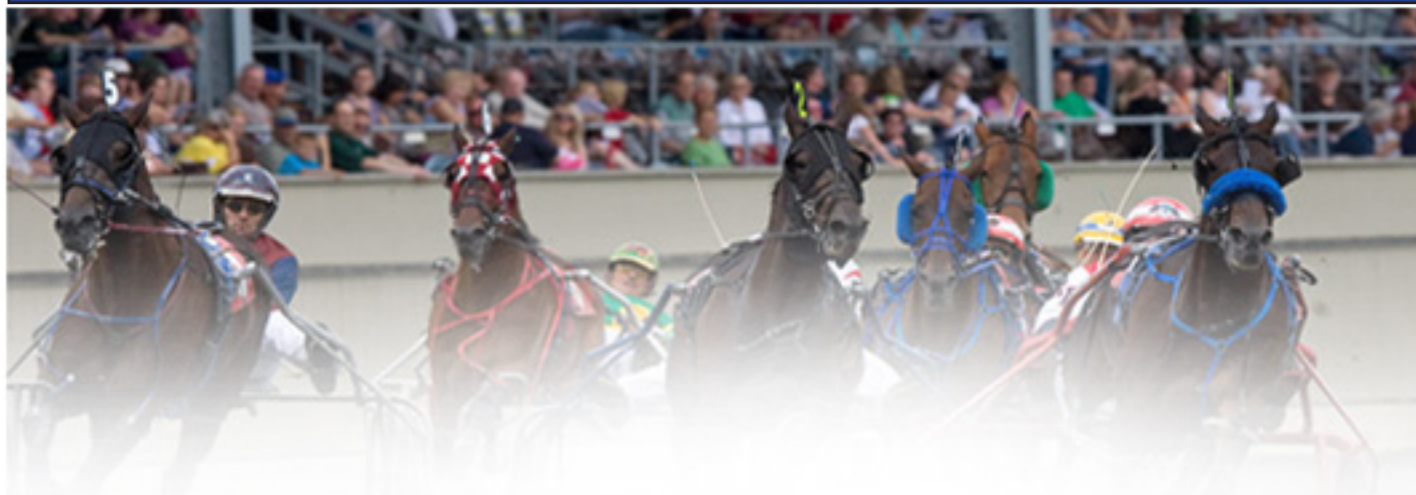

A total of 17 offspring from RC Royalty, the sire of this year’s Hambletonian winner, earning a \$13,206 average price.

CONCLUSION

The Morrisville Sale is the first significant event each year to gauge how New York yearlings will sell before the larger select yearling sales in the fall. A climbing average certainly provided a positive sign.

Notably, the trotting sector was markedly stronger than the pacing sector in this sale. However, yearlings of both gaits sold well from both seasoned, proven stallions in New York and from newcomer stallions, showing a depth of variety in marketable choices for breeders.

2013 New York Sire Stakes Leaderboards

The **New York Sire Stakes Series** is the most competitive division with the most talented New York-bred 2 and 3-year old horses vying for enhanced purses at pari-mutuel tracks statewide.

The **Excelsior Series** of the Sire Stakes is designed for late blooming 2 and 3-year old horses. This slightly less competitive series gives owners, drivers, and trainers the opportunity to race their developing horses while earning money. The State Fair races are incorporated into the Excelsior Series with featured meets held at Tioga Downs, Vernon Downs and Goshen Historic Track.

The **County and Town Fair** circuit has long been the “grassroots” start for future stars in harness racing. Owners, trainers and drivers all get their start on the fair circuit. This is also where owners can get close to and work with their animals. New York County Fair races have fulfilled their promise as a starting place for new owners as many progress on to racing at the pari-mutuel racetracks.

LEADING SIRE

The Agriculture and New York State Horse Breeding Development Fund is proud of the New York breeding program and the national as well as the international acclaim it has garnered.

Bettor's Delight was the national leading money-winning pacing sire of 2013.

Bettor's Delight began his stallion career in New York State in 2002. He has continued to produce some of the best horses to ever race in the United States. Bettor's Delight has taken NY-bred horses to a national level and helped create a demand unmatched in any other state.

Bettor's Delight's last crop of New York-eligible 2-year olds will race in 2013, but New York has great expectations for his full brother, Roll With Joe, who is just beginning his stallion duties in New York State.

Another standout is New York pacing sire Art Major, who is third on the list of national leading money winning sires in 2013 and moving up the list every year.

While the pacer stallions have a tremendous depth of quality it is more than matched by the trotting sires.

Credit Winner, New York's leading trotting sire and a perennial favorite among horsemen, continues to dominate the trotting ranks. Credit Winner is ranked Number one as the national leading sire by average earnings per foal for 2-year olds in 2013 and ranked Number two for national leading money winning sires of 3-year olds in 2013.

That depth of quality has returned home to New York in the form of RC Royalty (a son of Credit Winner), who ranks as the top national sire by average earning per foal for 3-year old trotters in 2013.

The following data reflects the success of the program by the increase in quality of New York bred horses and the stallions that stand in the state.

Education and Research

The Fund contributed \$75,723 for broad-based support to the statewide 4-H program centered at the Cornell Cooperative Extension helping to provide youngsters with careers within the breeding and racing industries.

The dedicated staff and volunteers involved in this program expose young people to a variety of equine experiences. These include tours of regional harness facilities. Monies from the Fund also help to underwrite costs associated with supplies and training of 4-H staff members. This includes updating educational materials such as books, visual aids and videos. Distribution of the NYS 4-H Horse Program newsletter "Unbridled Thoughts" has been a widely used resource since its online presence began in 2005.

Standardbred day clinics are another popular feature of the statewide program. Approximately 10 of these clinics are held at farms, county show grounds, local schools or county fairs, while others culminate in a race track tour and a night at the races.

The Fund also supports "The Kids and Horse Tent" at the State Fair in Syracuse. This tent is managed by volunteers and staffed by 4-H youth. Approximately 8,000 to 10,000 youths and adults visit the tent each year.

Scholarship Races

In 2013, The Agriculture and New York State Horse Breeding Development Fund co-sponsored two high school student scholarship races. The students are selected by their guidance office staff and then paired with a licensed trainer stabled at a track near their high school. Each track accepts five students.

The students are taught about the care, training and driving of the horses. The practice sessions are held for five weeks before the actual scholarship race. A large number of the students attend for more than the required number of classes and a number of them have acquired grooms' licenses.

The students compete for \$7,500 in total scholarship money at each track.

This has become a very successful program for the Agriculture and New York State Horse Breeding Development Fund supporting higher education and educating young people about the harness horse breeding and racing industries.

Nate Cornell from Batavia High School Wins "Dash For Cash" at Batavia

BATAVIA, N.Y. --- Nate Cornell of Batavia High School won the 'Dash For Cash' race at Batavia Downs Saturday night (Sept. 14) and the \$3,000 first place scholarship check.

Sponsored by the Agriculture and New York State Horse Breeding Development Fund, the Western New York Harness Horsemen Association, Buffalo Raceway and Batavia Downs, five high school seniors are paired up with professional drivers and battle for \$7,500 scholarship money. It was the fourth year of competition. The high school seniors have been working with the horsemen since August 1st in preparation for race day, learning all aspects of racing and the care of the horses.

Cornell and driver Ron Beback went wire-to-wire with 'Nate Lobell' to take the victory while Kelsey Bezon of Elba and driver Ray Fisher Jr. finished second aboard Lady Lancer and won \$2,000.

Brian Burkholder of Oakfield-Alabama and driver Jim Graham finished in third and earned \$1,200. Dylan Cory of of Batavia of Notre Dame and driver Mike Baumeister finished in fourth, good for \$800 while Dylan Scharlau of Alexander and Shawn McDonough finished in fifth and received \$500 for college.

Tioga Downs wraps up fourth annual Scholarship Race

This past Sunday afternoon at Tioga Downs, five local area high school students got the opportunity of a lifetime in the fourth annual Tioga Downs' Scholarship Race. The students representing five local area high schools were: Megan Wright of Newark Valley High School, Billy Gilbert of Tioga Central High School, Kennedy Erickson of Elmira South Side High School, Alexander Goodrich of Owego Free Academy, and Kaushik Nagarur of Vestal High School.

The five students had participated in training sessions with some of the Tioga Downs' horsemen over a three week period in preparation for Sunday's race. Helping assist the students, and also riding in the double seated jog carts with them for the race were Jason MacDougal, Tim Lanpher (driven by James Kennedy), Corey Braden, Fern Paquet Jr., and Phil Fluet.

The students raced once around the racetrack in between the second and third race on Sunday afternoon and it was a tight finish on the wire in 1:15. Billy Gilbert of Tioga Central High School with Fern Paquet Jr. won the event and earned \$3,000, Kennedy Erickson of Elmira South Side High School got up to finish second with Corey Braden and took home \$2,000. Finishing third and earning \$1,200 was Megan Wright of Newark Valley with Jason Macdougall, taking home \$800 for fourth was Alexander Goodrich of Owego Free Academy with Phil Fluet. Finishing fifth, but still taking home \$500 was Kaushik Nagarur of Vestal High School with James Kennedy. The sponsors helping support the fourth annual Scholarship race are the Harness Horse Breeder's of New York State, Southern Tier Harness Horsemen's Association, Agriculture and New York State Horse Breeding Development Fund, and Tioga Downs.

Students (in driving colors) left to right: Billy Gilbert of Tioga Central High School, Kennedy Erickson of Elmira South Side High School, Megan Wright of Newark Valley, Alexander Goodrich of Owego Free Academy, and Kaushik Nagarur of Vestal High School.

Equine Research

Dr. Harry M. Zweig

The **Harry M. Zweig Memorial Fund for Equine Research** honors the numerous achievements of the late veterinarian, Dr. Harry M. Zweig.

In 1979, by amendment to the pari-mutuel racing and wagering law, the New York State Legislature created the Zweig Fund, which is headquartered at Cornell University's College of Veterinary Medicine.

In 2013 The Agriculture and NYS Horse Breeding Development Fund contributed \$313,172 to the equine research fund for a variety of medical research including:

Recipients of The Zweig Fund Equine Research Awards

- Fine Mapping of Candidate Genes Contributing to Equine Left Recurrent Laryngeal Neuropathy (RLN)
Principal Investigator: Dorothy Ainsworth with Samantha Brooks
- T-Cell Mediated Immunity and Vaccine Development in Horses
Principal Investigator: Douglas Antczak with Rebecca Tallmadge and Nikolaus Osterrieder
- Etiology and Prevention of Equine Serum Hepatitis (Theiler's Disease)
Principal Investigator: Thomas Divers with Bud Tennant
- An Exploratory Study into the Practical Application of Regenerative Medicine Approach to Reconstruction of the Equine Upper Airway
Principal Investigator: Norman Ducharme with Bryan Brown
- Cellular Biomarkers of Early Cartilage Injury Measured with Multiphoton Imaging
Principal Investigator: Lisa Fortier
- Osteoarthritis Control through Combinatorial Stem Cell Therapy
Principal Investigator: Alan Nixon
- Innate Immune Mechanisms and T-Cell Response to Equine Herpesvirus Type 1 in Latently Infected and Naive Horse
Principal Investigator: Bettina Wagner with Gillian Perkins

Advertising, Publicity and Promotion

In 2013, the Agriculture and New York State Horse Breeding Development Fund developed an online ad campaign to promote New York bred horses and their successful endeavors on the racetracks.

This ad campaign focused solely on NY bred horses. The ads provided New York Sire Stakes breeding information, yearling sales promotions and also included NY Bred horse's racing accomplishments at the state, national and international level.

The "Fund" also developed Sirius and XM radio ads on "Down the Stretch" with race caller Dave Johnson and journalist Bill Finley. This program featured 60-second commercials promoting the upcoming NYSS events to be held each week. The radio spots concluded with the "Night of Champions," the premier New York Sire Stakes racing event in 2013 with total purses of \$1.8 million for New York bred horses.

Promotional items were also distributed to racetrack attendees on nights that New York Sire Stakes were held. Information about the Agriculture and New York State Horse Breeding Development Fund and the New York Sire Stakes breeding and racing program was also made available.

NEW YORK BREDS

They sell big...

Mr. Lucky Luke (Lucky Chucky) topped the NY Breds on offer at the Lexington Sale at \$450,000 leading a parade of 27 six-figure NY-Bred yearlings (\$200,000, \$180,000, etc.)

They win big...

World-record holder He's Watching is just one of this year's NY-bred superstars. Other winners include Little Brown Jug winner Vegas Vacation and Hambletonian winner Royce.

He's Watching: A \$3,000 Superstar?

By Bill Finley

Dave Menary was barely paying attention when Hip 822 came into the ring last fall at the Harrisburg sale. He had looked at the colt and found some things to like about him, but it was late in the sale, they were down to the second and third-string yearlings and he, like most, figured these bargain basement buys never actually amount to anything. "It just so happens that I was lucky enough to be flipping through the book when he came into the ring," Menary said. "If someone was buying me a drink at the time I wouldn't have bought He's Watching." But no one was buying him a drink at the time. Had they, it would have been the most unfortunate alcoholic beverage he ever consumed. Menary looked up from his catalogue just long enough to buy He's Watching, a son of American Ideal, for \$3,000. He had just purchased a colt he now calls "one of the fastest 2-year-olds that ever lived."

One of the fastest 2-year-olds that ever lived?

Usually when you get caught up in that sort of hyperbole it comes back to bite you. There have been plenty of fast precocious horses that never live up to their potential and are quickly forgotten. But it's hard to imagine that this is going to be one of them. In his brief racing career He's Watching has done remarkable things and has drawn rave reviews not just from his connections but from virtually everyone who has seen his races.

When he overcame a break and a nearly 20-length disadvantage to win a New York Sire Stakes race at Saratoga in his debut track announcer Mike Sardella called it "as impressive a mile as ever seen here." Two starts later, in a sire

stakes race at Tioga Downs, he paced his mile in a world record time of 1:50. That knocked three-fifths of a second off the old record, held by Rock N Roll Heaven. "This is a serious 2 year old," the Ontario-based trainer said. "I've said that from day one and he keeps proving me right. There's no glory going fast but we know we're not hurting anything when he does it."

Despite his lack of focus when He's Watching came into the ring Menary did have the horse down on his list of potential purchases at the sale. He said the reason so many other buyers were uninterested in He's Watching was because the then yearling was small. But Menary figured the reason the horse was on the small size was because he was June 13 foal. "He was small, a pony," he said. "But I couldn't fault him. His problem was he was born on June 13 and when you're up against horses born in February and March you are at a huge disadvantage."

There were things to like about He's Watching. He was New York sired, by a top sire and the co-breeder was Brittany Farms, an outfit known for producing top horses. The consignor was Hunterton Farm, which also has a top reputation. "He was raised at Brittany Farms," Menary said. "He wasn't raised by a pig farmer." Menary said He's

Watching has grown into a decent sized colt with an "ass that makes him look like he's a \$400,000 yearling."

As He's Watching was preparing for his 2-year-old campaign Menary knew he had something special on his hands. He already had one partner on the ownership side in Mike Guerriero and sold another piece to Brad Gray for what he calls "an obscene amount of money for a \$3,000 yearling."

They sent him to Saratoga Harness to begin his campaign and had high expectations. Jim Morrill Jr. was enlisted to drive and He's Watching was made the 2-5 favorite. They expected he would win. What they didn't expect was a perilous, jaw-dropping journey around the racetrack. He's Watching broke on the first turn and looked to be so hopelessly beaten that Sardella would say "It appears he's out of it. He's Watching is watching from the back." A few minutes later he launched a winning move that left the announcer breathless.

"I couldn't believe it," Gray said. "I was in shock that he won that race after being 20 lengths behind. He went from there to Buffalo where he overcame a minor break to win a sire stakes event by 1 ½ lengths in track record time of 1:55.2. He got there with a huge brush on the second turn. It looked like he had a rocket tied to his back. Tioga and the world record were next. He didn't break this time and had complete control after a quarter-mile. Announcer Ken Warkentin was another who couldn't contain his enthusiasm. "a potential superstar here...a dazzling performance," Warkentin said.

To the surprise of no one, Menary has been getting phone calls from owners who want to buy He's Watching. The same colt that cost \$3,000 is now worth well into the seven figures. "There's no temptation to sell him," said Guerriero, who had to invest a whopping \$750 when buying 25 percent of

him just after the sale. "Dave said a couple people have called. I don't want to sell because it's exciting to see where the horse and Dave can take me. There are things that sometimes just happen and you don't know the reason why. I am a believer that with hard work, good things will come. Dave is such a hard worker that inevitably something very special will happen to someone like that, and I want to be along for that ride."

The only damper on this otherwise phenomenal success story is that He's Watching is not staked to any open stakes this year. Menary said it didn't seem practical to spend a lot of money staking a \$3,000 yearling. It looks like he is going to spend his entire year in New York Sire Stakes company. Guerriero is hoping that turns out to be a blessing in disguise. "Sure, you'd like to see where he stacks up against those horses," he said. "Then again, I had a filly who looked like a world beater at two and then when we brought her back at three there was nothing left in that tank. They go so fast in these miles these days and it's really taxing. Some horses can do it and some can't. The good thing with him is that he won't be overtaxed at two and can hopefully come back really strong at 3."

Menary is already looking forward to next year when He's Watching can venture on to the Grand Circuit. His goal is to put him away at the end of the year with an unbeaten record and in good health. "We know what we have on our hands," he said. "We plan on bringing him back and going for 3-year-old of the year." He's Watching will make his next start August 22 in a sire stakes at Yonkers. Track announcer John Hernan might want to bring his thesaurus to work that night. He and his colleagues are running out of superlatives to describe this horse.

The Harness Racing Museum & Hall of Fame is located in the historic village of Goshen, NY, known as “The Cradle of the Trotter” for its origins in the sport of harness racing and America’s first national pastime.

More than 20,000 visitors each year enjoy the many examples of local, state, national and international history and art preserved by the museum along with artifacts dating from harness racing’s beginnings to modern times and hands-on interactive exhibits, including a 3-D harness racing simulator.

These resources are offered to students of all ages through a wide array of programs and events throughout the year making a visit to the Harness Racing Museum & Hall of Fame both entertaining and educational.

For its efforts, the museum received a \$50,000 grant from the Agriculture and New York State Horse Breeding Development Fund in 2013.
