What is RUS?

Also known as Monte Racing, RUS is a hybrid between harness and thoroughbred racing. RUS is an exciting part of international Standardbred racing and is conducted daily at most European tracks as part of their regular pari-mutuel wagering programs. The sport has seen a surge in popularity in the U.S. but has yet become a wagering event.

To learn more about this emerging sport, visit rus-newyork.com. Come see what the excitement is all about!

WE HOPE TO SEE YOU THERE!

Purses will be made up of these Fund monies and Horseman's fees, plus declaration fees. There will be no deduction for promotion, clerical, or other expenses.

- (23) **Out-of-Competition Testing:** Any person who participates in the New York Sire Stakes shall be deemed to have given consent to submit their horse or horses to out-of-competition testing. Under such consent, the Fund may at a reasonable time on any date take blood, urine or other biologic samples from a horse that is entered to compete in the New York Sire Stakes in order to enhance the ability of the Fund to detect or confirm the impermissible administration of a drug or other substance to the horse. Horses to be tested may be selected at random, for cause or as determined by the Fund or an agent of the Fund. A selected horse that is not made available for sampling may be disqualified from competing in the Sire Stakes, including the Excelsior Series and County Fair races, for the respective year that the horse is eligible to compete. Samples shall be taken in accordance with the procedures found in 9 NYCRR 4120.17(b), and for the purposes of this condition, all references to the "Commission" in that rule shall be considered references to the Fund. IMPORTANT NOTICE

Animal Health Requirements

For Admission to New York State County Fairs (Part 351 of NYS Agriculture & Markets Regulations, AI-202 1/10)

RABIES VACCINATION:

Rabies vaccination is required for all horses that are 4 months of age or older on the date of admission to the fair. The vaccine must have been administered within 12 months prior to the date of arrival at the fair. The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.

ACCEPTABLE PROOF OF RABIES VACCINATION:

Acceptable proof of rabies vaccination must include a signed written statement from a Category 2 accredited veterinarian or a valid certificate of veterinary inspection that has the vaccination listed and is signed by a Category 2 accredited veterinarian. Acceptable proof of vaccination must include the name of the product used, the date of administration and the duration of immunity if longer than one year. If the statement of rabies vaccination is included on an Equine Infectious Anemia (EIA) test record, it must be signed separately, in addition to the required EIA test-record signature.

Note: Rabies titers are not acceptable proof of rabies vaccination and cannot be used to meet entry requirements.

NEGATIVE EQUINE INFECTIOUS ANEMIA (EIA) COGGINS TEST:

This test is required for all horses 6 months of age or older. The horse must be accompanied by a valid, negative EIA test record. The test must have been conducted during the current or previous calendar year for horses of New York origin. For imported horses, the test must be conducted 12 months prior to entry. The EIA test certificate must include a complete description of the horse.

HORSES OF OUT-OF-STATE ORIGIN:

All horses entering New York State from another state must be accompanied by an official Certificate of Veterinary Inspection (CVI). A CVI is not required for horses of New York origin. The interstate CVI is valid 30 days from the date of issuance. During the fair season (July 1 through Labor Day), valid CVIs can be used multiple times for entrance into fairs. The initial entrance into a fair must be within 30 days of issuance. In order for the CVI to be used for a later fair, it must be dated and initialed by a state official noting the location of the initial fair. A change of health status or a change of eligibility of an animal necessitates the generation of a new CVI.

Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971.
