INTRODUCTION

**The Honorable Kathy Hochul
Governor of the State of New York**

Members of the New York State Legislature

The Trustees of the Agriculture and New York State Horse Breeding Development Fund are pleased to present the Fund's 2022 Annual Report.

Agriculture is one of New York's leading domestic economic sectors and the state is noted for its diversity of products, including Standardbred horses. The Fund administers the New York Sire Stakes program, the nation's oldest harness racing program of its kind. The Fund's primary mission is to promote and preserve agriculture through the promotion of horse breeding and the conduct of equine research in New York State.

The performance of New York-bred horses in the breeding shed and on the racetrack, along with demand for them in the auction ring, demonstrate the value of the New York Sire Stakes program. Purses totaled \$10.8 million for New York-bred Standardbreds.

New York Sire Stakes stars showed their skill on all of the state's seven harness tracks and at venues across the country. New York stallions remained among the leading national earners and offspring were highly sought after by breeders. New York-breds continued to garner strong prices at the yearling sales, averaging \$49,025 and \$82,597 at both premier sales in the country, the Standardbred Horse Sales Yearling Sale and the Lexington Selected Yearling Sale, respectively.

As the demand and quality of New York horses continues to be strong, so will the economic and agricultural benefits that the Standardbred breeding and racing industries provide to the State of New York. The Agriculture and New York State Horse Breeding Development Fund will continue to promote and support this progress and is excited to share these results with you.

ECONOMIC IMPACT

OVERVIEW

Standardbred racing and breeding in New York State generates \$795 million annually. Racing at the state's seven pari-mutual harness tracks generates capital investments, local jobs and state and local taxes, while the breeding industry drives yearling auctions in the state and agricultural benefits like purchasing of farm equipment and farm products and preserving working farmlands. A 2012 study found that each racehorse in the state generates \$92,100 in economic impact and 80 jobs are created for every 100 horses. Both the breeding and racing of Standardbreds in the state are interconnected to generate the largest possible impact on the economy. As you can see in the chart (next page), since the installation of VLTs at racetracks after 2001, the total economic impact of harness racing in the state increased 190% to \$795 million. During the same period, total jobs generated by the industry nearly tripled to just over 6,500.

RACING

A state breeding program can only be successful if it attracts the quality of stallions and mares that can produce champions. The excellence of New York-bred horses was on display at racetracks around the country in 2022.

It was another outstanding year for Joviality S, who picked up right where she left off, winning another four NYSS races. She became a two-time champion of the NYSS final, ending the year with earnings of \$1,978,983, another notable name to mention is Cool Papa Bell, who had a spectacular NYSS final, setting a track record at Tioga Downs. Valentina Blu had an incredible year and received the "Horse of the Year" honors at the Annual Awards Banquet. Freshman trotter The Gruffalo had \$193,075 of his total earnings coming from wins in NYSS competition.

While breeders and owners hope for a horse that can compete on the national stage for the largest purses, yearling buyers demand a strong Sire Stakes program when selecting a horse to ensure the greatest potential to earn money and New York provides a secure future. A total of \$10.8 million was distributed as purses for New York-bred horses in 2022.

ECONOMIC IMPACT

BREEDING

The New York Sire Stakes is unique in that it requires mares to be bred by stallions within the borders of the state. This means that while other states may only generate agricultural benefits from the stallions residing there, New York also benefits from the mares. Additionally, the state's Breeders Award program incentivizes mares who live in the state for at least 180 days, much longer than it would take to just breed them and confirm pregnancy. This longer stay enhances the economic benefit realized by the state. If the offspring of those "resident" mares perform well in the New York Sire Stakes program, the breeder (owner of the mare at the time of the mating) receives a financial award.

Breeders also generate income from selling offspring at yearling sales. As New York-bred horses continue to be desired by buyers, they will generate strong returns for New York breeders and encourage more investment in the state.

The Breeders Awards program and its financial return to breeders has worked to attract breeders to the state and encourage them to invest greater in their operations.

EQUINE RESEARCH

The Harry M. Zweig Memorial Fund for Equine Research honors the late Dr. Harry Zweig, a distinguished veterinarian, and his numerous contributions to the state's equine industry.

In 1979, by amendment to the pari-mutuel racing and wagering law, the New York State legislature created the Harry M. Zweig Memorial Fund for Equine Research to promote equine research at the Cornell University College of Veterinary Medicine.

The Harry M. Zweig Committee was established for the purpose of administering the fund and is composed of individuals in specified state agencies and equine industry positions and others who represent equine breeders, owners, trainers, and veterinarians.

The Fund is proud to support the Harry M. Zweig Memorial Fund for Equine Research. This first-rate research helps to provide protection and preventative planning for the equine industry, which in turn helps to ensure a healthy and positive future for the horse racing industry.

By law the Agriculture and NYS Horse Breeding Development Fund contributes two percent of its yearly revenue to the equine research fund.

New York State produced a Hambletonian champion, two millionaires and three National award winners in 2022

Cool Papa Bell

Test Of Faith - Lisa Photo

Twin B Joe Fresh

BY TIM BOJARSKI

It was another stellar year for trotters and pacers bred in New York State as the names of those progeny dotted North American headlines throughout the 2022 racing season. From winning the biggest stakes on the Grand Circuit to becoming stars in the New York Sire Stakes, these horses have competed and won at the highest levels of the industry and continue to prove the effectiveness of the Standardbred breeding program in the Empire State.

With so many starters who have made an impact on the scene this past year, here is a look at just a few who have really excelled at all age levels.

Probably the strongest group of New York-breds racing in 2022 where one the 3-year-old trotters and one in particular made history.

Cool Papa Bell (Chapter Seven-Blk Thai Optional 1:51.3, \$1,026,799) easily won two New York Sire Stake events before finishing third at 20-1 in his Hambletonian elimination in July. That won him a spot in the \$1 million final the following week where he was sent off as the third longest shot in the race (52-1). Despite the cold shoulder from the betting public, Cool Papa Bell rallied late to beat fellow New York-bred Joviality S to win the storied stake. A month later, Cool Papa Bell won the \$200,000 NYSS final, then finished third in the \$430,000 Kentucky Futurity and fourth in the \$600,000 Breeders Crown to complete his season.

His six wins and \$893,025 in purses last year made Cool Papa Bell a career millionaire, the third richest 3-year-old trotter in North America in 2022 and earned him the Dan Patch Award as 3-year-old male Trotter of the Year.

Joviality S (Chapter Seven-Pasithea Face S 1:50.2, \$1,978,983), who finished second to Cool Papa Bell in the Hambo and was the only filly in that race, put together a landmark year for herself as well. The 2-year-old Breeders Crown champion came back better at three as she swept

the NYSS to become a two-time state champion. She also won \$280,904 Yonkers Trot (the first filly to win that stake since 1996), \$100,000 Del Miller Memorial, \$187,500 Empire Breeders Classic and the \$250,000 Delmonica Hanover. She ended the year finishing second in the \$276,000 Kentucky Futurity by a mere neck and third in the \$675,000 Breeders Crown, both times as the post time favorite.

Joviality S became the second state-bred millionaire of 2022 and her earnings of \$1,083,642 made her the richest trotter of any age or gender in North America this year. Her lifetime mark of 1:50.2 also saw her become the fifth fastest 3-year-old trotter in North America and her overall body of work earned her Dan Patch Award accolades as the 3-year-old female Trotter of the Year.

A total of six New York-breds started in the Hambletonian eliminations last year as Cool Papa Bell and Joviality S were joined by Slay (Chapter Seven-Swinging Royalty 1:51, \$699,276), who finished as the fourth richest 3-year-old male trotter in North America in 2022 (\$585,497), Molotov Cocktail (Chapter Seven-Moonlight Cocktail 1:52.2, \$428,902), Justice (Chapter Seven-Religious 1:50.2, \$360,130) and Branded By Lindy (Chapter Seven-The Lindy Label 1:50.3, \$561,570).

There were also some outstanding 3-year-olds on the pace last year as well, led by Pleaseletmeknow and Just Divine.

Pleaseletmeknow (American Ideal-I Said Please 1:50.3, \$554,900) won three divisions of the NYSS and as well as the \$200,000 final, and the gelding also won the \$261,730 Messenger Stake. Amidst an uber-tough group of sophomore pacers this year, Pleaseletmeknow finished the year tenth for North American earnings (\$429,353) and seventh overall amongst his male peers.

Just Divine (Huntsville-Divine Caroline 1:49.3, \$409,712) started her year slow but finished it strong as she rated highly with the best of her 2022 class. She won the \$200,000 NYSS

final in September, setting a new lifetime mark of 1:49.3 in the process. Then three weeks later she finished second to Sea Silk in 1:50.1 in an elimination of the Jugette and followed that up the same day with a valiant first-over effort in the \$205,100 final that saw her come up just short at the wire to the winning Treacherous Dragon, who later was named the Dan Patch 3-year-old Pacing Filly of the Year.

Just Divine ended the year as the tenth richest (\$257,738) and eighth fastest (1:49.3) 3-year-old pacing filly in North America.

New York's freshman crop of Standardbreds showed many bright prospects and future stars on both the pace and the trot.

After starting her year with a win in the \$47,975 Geers Stake, Twin B Joe Fresh (Roll With Joe-Fresh Breeze 1:48.4, \$598,162) won two legs and the \$200,000 final of the NYSS and one leg and the \$400,000 final of the Kentucky Championship Series at the Red Mile, pacing those two miles in lifetime best 1:48.4 and 1:49.2 respectively. She then won back-to-back legs of the International Stallion Series to close out her season on a four race win streak.

Twin B Joe Fresh ended the year as the fastest (1:48.4) and third richest (\$598,162) 2-year-old pacer regardless of gender in North America.

Vivian's Dream (American Ideal-Sports Chic 1:50.4, \$439,770) was dominant during the year, winning six legs of the NYSS before getting beaten by Twin B Joe Fresh in the final. But she later closed out her year on a high note by winning the \$156,500 Matron Stake and then finishing a close second in the \$428,000 Three Diamonds. Those successes made her the fifth richest 2-year-old pacer in North America (\$439,770).

American Fling (American Ideal-Feeling You 1:50.2, \$248,040) was a four-leg winner before claiming the final and title of NYSS champion. Her NYSS earnings of \$237,445 accounted for the bulk of her overall total bank of \$248,040 picked up in 2022.

On the trot, Kayleigh S (Chapter Seven-Pasithea Face S 1:55.4, \$279,867) won three NYSS legs before winning that final in a lifetime-best 1:55.4. She followed that victory up with a narrowly-beaten second in the \$240,000 Kentuckiana Stallion Stake after cutting the entire mile from post 10, only to come up a head short.

These horses will definitely make a mark on the sport next year as some of the top 3-year-olds in North America in 2023. But it's also important to note the success that New York-breds have had as aged competitors as well, and there are no better two examples to have come out of New York than Test Of Faith and Atlanta.

Test Of Faith (Art Major-Cannae Cammie 1:47, \$2,389,782) was named the Dan Patch 3-year-old Pacing Filly of the Year as well as overall Horse of the Year for 2021, and was only the fourth 3-year-old female pacer in history to achieve that title. And as good as she was at two and three, her first year racing as an older mare showed no signs of letting up.

Her major victories in 2022 included the \$242,550 Roses Are Red, \$125,000 Graduate, \$172,500 Milton, \$250,000 Dayton Distaff Derby before coming up only a head shy of winning the \$400,000 Breeders Crown in a fast closing :26.2 final quarter. When she won the \$175,000 Dorothy Haughton Memorial in 1:47 at the Meadowlands in July, she not only took a new lifetime mark, she also set a new world record for 4-year-old pacing mares. It was also the fifth fastest mile paced in North America all year.

Test Of Faith's 11 wins and \$820,043 in earnings in 2022 earned her another Dan Patch trophy, this time for being the older Pacing Mare of the Year. Those earnings also placed her as the highest money-winning pacing mare in North America.

To this point, her list of accomplishments and awards would fill a volume and entering 2022 as a 7-year-old did not dissuade Atlanta (Chapter Seven-Hemi Blue Chip 1:49, \$3,533,707) from putting up more stellar numbers and outstanding performances before hanging up her harness for the last time. After she became the 14th filly to win the Hambletonian in 2018, Atlanta has raced at the highest levels against all comers and proved to be a tough out every week.

Atlanta's final year of competition saw her win six out of 15 starts and just under one-half million in purses. Her \$433,105 bankrolled placed Atlanta seventh among all older North American trotters last year. And after she turned in a swift 1:50 season's best performance at the Meadowlands in July, clearly age did not slow her down either as that was the third fastest trotting mile among all aged North American contestants in 2022.

Atlanta ended her career with 37 wins and 64 board hits from 78 total lifetime starts with earnings of \$3,533,707, putting her in elite company with the likes of the legendary trotting mares Moni Maker, Bee A Magician, Manchego and Hannelore Hanover.

The success of these horses started with breeding to quality stallions standing in New York who annually are at or near the top of the leaderboard in North America. Horses like American Ideal (\$17,225,526 total progeny earnings in 2022), Chapter Seven (\$12,836,002), Roll with Joe (\$6,949,107) and Huntsville (\$6,527,898) have proven once again that breeding in New York today produces high caliber races horses for tomorrow.

NEW YORK SIRE STAKES PROGRAM

NEW YORK SIRE STAKES

The most talented NY bred two- and three-year-olds vie for enhanced purses at pari-mutuel tracks throughout the state.

EXCELSIOR SERIES

A second-tier program designed for late blooming two- and three-year-olds, with multiple legs leading to a lucrative final for the leading point earners in the series. Part of the Excelsior series includes the State Fair series pari-mutuel meet that features two- and three-year-old races for New York-bred trotters and pacers. Additionally, three-year-old races are held at Goshen Historic Track.

COUNTY FAIR SERIES

Championship races at each age and gait give New York State's local summer fairs a unique twist. It's the best "earn as you learn" program in Sire Stakes racing with non pari-mutuel racing at more than 20 agricultural fairs throughout New York State.

The New York Sire Stakes is the state's premier harness racing program designed to promote the breeding, buying and racing of Standardbred horses in New York State. The New York Sire Stakes is the nation's oldest harness racing program of its kind.

INDUSTRY COMMENTS

"I am grateful and excited to serve as the Fund's Executive Director as we head into the 2023 season. I look forward to working alongside the incredible individuals who make the New York harness racing industry what it is today."

Ralph Scunziano

Agriculture & NYS Horse Breeding Development Fund
Newly Appointed Executive Director

"I am glad that I was able to be part of the Sire Stakes program again this year. I am amazed at the dedication the trainers, grooms, and owner have for their horses. It is so interesting to watch the equine athletes develop, mature, and learn to race over the course of the season. Congratulations to each and every one."

Patricia Bruno

Agriculture & NYS Horse Breeding Development Fund
Newly Appointed Executive Director

"New York, and Blue Chip Farms, is the home of North America's Leading Trotting stallion, Chapter Seven. The breath of the New York Sire Stakes 3 tier program has given his offspring, and their owners, the ability to compete successfully at all levels with significant purses. Because of his success Chapter Seven has been a magnet to New York's equine agriculture in the state-attracting full mare books with a significant number of those mares participating in the state's residency program. Chapter Seven is proud to call New York "home".

Thomas Grossman

Blue Chip Farms, LLC, Wallkill NY

"The New York Sire Stakes is a program that I am a strong believer in. We buy several New York breeds every year to race within the program. We developed a lot of nice horses as well such as Gimpanzee, Joviality, Hypnotic AM, Iteration, Fourth Dimension to mention a few. Overall, it is a great program, and I am enjoying every year we participate."

Marcus Melander

2022 NYSS Leading Trainer

"The New York Sire Stakes program is a key component of the Winbak Farm breeding strategy. In 2022, we sold close to 90 New York-sired yearlings that we have high hopes for in the stakes program. Several of our New York-sired horses have had grand circuit level success, including most recently, Vivians Dream who, at 2, has now made over \$430,000 in one season. As the #1 Breeder for New York Sire Stakes, we hope the New York program continues to strengthen and grow."

Noelle Igoe

NY Farm Manager at Winbak Farm, 2022 NYSS
Leading Breeder and UTSA Breeder of the Year

"There are a lot of great horses at the County Fairs and if you look at their careers, they go on to be very nice racehorses. We really need the County Fair program bad."

Scott La Page

County Fair Finals Horse Owner and Trainer
